

MANY SUBJECTS BEFORE LEGISLATURE

BROWN DENIES COLLUSION IN MAIL AWARDS

OFFICER IN HOOVER CABINET TELLS OF MERGER

BY RICHARD L. TURNER
(Associated Press Staff Writer)
Washington, Feb. 19 (AP)—Testimony that he had spoken of the possibility of a transcontinental airmail contract to the officers of two big aviation companies if they could arrange a merger was given a senate committee today by Walter F. Brown, former postmaster general.

Shortly after Brown, in the first appearance of a Hoover cabinet officer before a senate committee, had denied that there had been either collusion or illegality in the letting of any of the airmail contracts recently cancelled, Chairman Black of the investigating committee began an all day questioning of the contract letting.

Black produced a transcript of testimony given earlier in the investigation by Dan M. Shaeffer, vice president of the Pennsylvania railroad and an officer of Transcontinental Air Transport, to the effect that Brown had indicated that if T. A. T. were combined with Western Air Express, the latter "properly" could and would award to the merged companies the New York-San Francisco mail route.

Crowd Disappointed
"That is not absolutely correct," Brown said. "What I said was I would let the contract to the combination if I properly could."

"They got it, didn't they?" Black asked.

"They did." A crowd that jammed the caucus room of the senate office building with its marble walls and high marble columns, was disappointed in its search for spectacular happenings. Brown testified throughout the day in a quiet tone of voice that despite amplifiers was frequently inaudible. It was in sharp contrast with the resonant voice of Senator Black, and for the spectators it sometimes was like listening to one end of a telephone conversation.

Brown said T. A. T. had lost \$2,000,000 and Western Air \$1,000,000 in their passenger services because they had no airmail contracts and that he had promised them one if it could be "properly" awarded to them.

While Shaeffer's testimony said Pittsburgh Aviation Industry corporation was to have been included in the merger, Brown asserted he had no knowledge of such a proposal. The Mellons, it was brought out, are stockholders in Pittsburgh aviation.

Further explaining his reasons for encouraging the merger, Brown said:

"I had visions of a time in the future when I might see a

In the Headlines From Washington

(By The Associated Press)
Walter F. Brown, Hoover postmaster general, called cancellation of air mail contracts a "colossal injustice."

The supreme court refused to pass on the federal power commission's authority over non-navigable streams.

It was learned that President Roosevelt in signing the newspaper code indicated dissatisfaction with some of its labor provisions.

The army took over mail flying under difficult conditions.

Clarence Darrow and other prominent men were appointed to investigate effects on NRA codes on small business.

Attorney General Cummings proposed new legislative weapons against crime.

The senate passed the \$820,000 treasury - postoffice supply bill.

House investigators called for airplane contract date from Harry H. Woodring, assistant secretary of war.

Representatives of sugar-beet states expressed alarm at the administration's sugar program.

A. F. Whitney, railway labor leader, suggested a conference on railway wages March 15.

The committee for the nation went on record for silver legislation.

House committeemen learned that Russia might buy \$2,500,000 worth of airplane engines in this country.

William Green of the American Federation of Labor told congress it must shorten the work week or support the unemployed.

Tragedies of Vienna Bared After Revolt

BY TOM WILHELM
(Associated Press Foreign Staff)
(Copyright 1934, By The Associated Press)
Vienna, Feb. 19—Out of the debris of their shell-wrecked apartment houses came housewives today, going about their daily lives.

They stared at the desolation surrounding them, then slowly went on their way to market.

It is hard to choose the most badly wrecked apartment block. The Goethe Hof looks terrible until you come to the Schlegel Hof, that looks bad until you compare it with the Reumann Hof, and the memory of that fades before the desolation at the Ottakring.

Frau Schurtz sat today in the Goethe Hof among what were her homely possessions. She told me all about it.

New Start at 61
Before a 10.5 shrapnel shell drove the front of the house to splinters against the back wall, Frau Schurtz had a comfortable home.

NRA CODE FOR PRESS SIGNED

Publishers Assured Constitutional Rights To Be Respected

Washington, Feb. 19 (AP)—President Roosevelt has assured newspaper publishers their constitutional freedom of expression will not be curtailed.

He gave this assurance in approving a code covering newspaper publishing and at the same time requested that a review of the code's labor sections be made by the national recovery administration.

The executive order passing the code, signed Saturday but not made public until today, required reports within 60 days on new employment, and on provisions to establish maximum hours and minimum wages for reporters and editorial workers.

The president accompanied this with a request that large metropolitan dailies, specifically those in cities of 750,000 or more which have circulation of 75,000 or more, immediately establish the five day, 40 hour week in their news departments.

President Cautious
This would affect papers in nine cities if census figures are used as a base, and in six more if suburban trade areas are counted. New York, Philadelphia, Boston, Detroit, Baltimore, Cleveland, Chicago, St. Louis and Los Angeles, are the only ones having the stipulated population within their corporate boundaries. Pittsburgh, Buffalo, Cincinnati, Minneapolis, St. Paul and San Francisco would come within the 750,000 mark if suburban municipalities were counted.

Mr. Roosevelt expressed dissatisfaction with the child labor provisions of the code as drawn and coupled his assurance of freedom of the press with caustic criticism of the declaration insisted upon by many publishers as a part of the code.

"The recitations of the freedom of the press clause in the code," he said, "has no more place here than would the recitation of the

(Continued on Page Three)

\$10,000 Deposit Grows To \$22,062 And Is Unclaimed

Detroit, Feb. 19 (AP)—If Charles Hehner will get in touch with the Michigan public administration he can collect \$22,062.46, representing the principal and compound interest on \$10,000 he deposited in the Detroit Savings Bank in November, 1905—and never called for.

Under the laws of escheat the money has become the property of the state, it was learned today. Hehner himself still could claim it. So long as the bank retained the account, his heirs likewise could have had the money upon application and proof of Hehner's death.

Hehner, 36 years old when he deposited the money, was a Michigan commission agent. He never returned to the bank after depositing the cash.

Car Shipments Best In Six Years

Durand, Mich., Feb. 19 (AP)—Railway officials today announced that the greatest number of freight cars in six years cleared through the yards here during the past week.

Durand is a division point and principal transfer point in the state for the Grand Trunk Western and the Toledo & Ann Arbor railroad. Increased shipments of automobiles was the largest single factor involved, officials said.

SUCCEEDS TO THRONE

home. True, some pieces were badly worn—furniture gets worn after 35 years of married life. Now, after almost 40 years, Frau Schurtz and her stooped husband must start all over again at 61.

The Schurtz apartment—and that is a flattering name for it—is bereft of a whole piece of furniture. The four bare walls are pockmarked from the sharpnel. Frau Schurtz sits for hours at a table, gazing through the four dead windows of her home at the thousands of curious persons who pass by to see the results of the government artillery fire.

"Were you warned before the artillery started shelling?" I asked her.

"We had no warning and I don't think others had a warning."

Frau Schurtz appeared shell shocked. She blinked warily.

What had been a poor, narrow bed was a slivered mass in a corner. In the rear wall was a hole the size of a bushel basket, testifying to the strength of the bursting shell with its 300 individual hickory-nut-sized bullets.

The apartment looked as though a giant had braced his back against the rear wall and pushed outward with both hands. The walls were blown out even with the floor and the ceiling.

On the fourth floor of the same block, a bank clerk told me how he, his wife, and their four children slept on the floor through three nights of cannon-ading.

Describes Horrors
"In the ditch houses," he said, "I could only hear the children whimpering to the singing screech of the shells."

"On the second night it happened." He pointed to a gaping hole in the wall. "The stove flew to pieces. The entire apartment fell together."

"With my bare hands I dug my wife and three of the children out of the mess. I couldn't find my fourth child until morning when we heard him crying and found him buried beneath the mortar."

So much for life in a bomb-battered apartment.

In police barracks I saw an elderly woman sitting. Her husband is within five years of a pension. They had picked out a chicken farm on the blue Danube and there they intended to end their days together.

"Certainly he will come back."

(Continued On Page Three.)

Liquor Stores In State Cut Prices, Hit At Bootlegger

Lansing, Mich., Feb. 19 (AP)—State liquor stores throughout Michigan were closed Monday as employees began marking down prices.

The promise to cut prices will be fulfilled by the state tomorrow when liquor, gins, and wines will sell at quotations ranging from 10 cents to 90 cents a quart cheaper than have been charged. Only the cheap liquor will be unaffected by the wide-scale reductions.

The cheap liquor will still retail at \$1 a quart, gin 50 cents a fifth, and wine, 60 cents a quart.

Chairman Frank A. Picard, of the state liquor control commission, said the price reductions were made possible by a generous attitude of the state and cheaper quotations from distilleries. He explained that the commission will not take full advantage of the maximum profit of 40 per cent permitted under the liquor control act.

The commission chairman termed the price cuts a "new blow to bootleggers."

5 Political Units Are Granted Loans

Lansing, Feb. 19 (AP)—The state loan board today approved loans amounting to \$354,285 by five political units of the state. They follow: \$300,000 by the Fordson school district at Dearborn against tax collections for the next fiscal year; \$25,000 by the city of Ferndale against the unpaid portion of taxes for the current fiscal year; \$22,485 by the city of River Rouge in anticipation of taxes next year; \$6,000 by the village of Rochester against next year's taxes; and \$800 by the village of DeWitt against current, delinquent and future taxes.

The public debt commission approved a \$19,000 refunding special assignment bond issue by the city of Ypsilanti.

State Treasurer Theodore I. Fry issued his certificate of approval covering \$10,000 of bonds of the city of East Grand Rapids for the purchase of right-of-way.

BEAT HIS MOTHER

Jackson, Feb. 19 (AP)—Robert O'Brien, 19, is held at county jail here, accused of beating his mother into unconsciousness after an argument.

Crown Prince Leopold (above) of Belgium will be crowned King Leopold III when he succeeds to the throne left vacant by his father's accidental death. (Associated Press Photo)

ARMY ACCEPTS AIRMAIL DUTY

Bad Weather Temporarily Cripples Service in United States

(By The Associated Press)
That ancient enemy of fliers, bad weather, last night crippled temporarily the army's attempt to span the air mail routes.

A driving snow over the capital and wide sections of the east reduced visibility. The first army flight scheduled—from Newark to Richmond, Va.—was called off as a result. A plane headed northward from Miami, Fla., however, with 321 pounds of mail for Newark and good weather ahead at least as far as Atlanta. At Jacksonville, Fla., it was to shift part of the load to an accompanying plane.

At Salt Lake City also, the departure of an air mail plane for Cheyenne, Wyoming, was cancelled because of murky atmospheric conditions.

Sandwiched between these low ceilings was a belt of clear weather in the middle west. In consequence, planes there turned up their pilot's.

Plane Flies West
From Kansas City an army flier pointed his ship toward St. Louis and Newark yesterday afternoon, and another was to take off early this morning for Dallas and Oklahoma City.

Early last night the first army-borne mail left Chicago bound west.

Captain Eddie Rickenbacker, war time ace and critic of cancellation of the private contracts, yesterday completed in fast time the last transcontinental flight by a commercial plane before the government stepped in to carry its own mail.

A plane piloted by Lieut. John C. Crosthwaite hopped off from Oakland, Calif., at 6:35 p. m. (PST) for the initial trip to Salt Lake City on the transcontinental route.

Temporarily, at least, air mail service from Chicago to St. Paul, Minneapolis, Billings, Mont., and Winnipeg—where Northwest Airways, Inc., formerly carried mail over a 1,200 mile route—was suspended.

Officials of Northwest, however, announced passenger and air express service would be continued on most of the line, twice daily between Chicago and the Twin Cities and once between Minneapolis and Winnipeg.

HUSBAND SURRENDERS

Detroit, Feb. 19 (AP)—Dominic Trupiano, sought since Friday when his wife, Santa, was shot to death in her home, surrendered to police Monday. He is held on a slaying charge. His two children told detectives the shooting followed an argument over religion.

GANG MEMBER NAMES TOUHY AS KIDNAPER

OTHERS IDENTIFIED AS ABDUCTORS OF FACTOR

Chicago, Feb. 19 (AP)—Isaac Costner, young Tennessee bad man, deserted his mates of the Touhy gang today and in a plaintive drawl accused them from the witness stand of kidnapping John Factor, the millionaire speculator, for \$70,000.

He calmly recited for the jury a narrative of the midnight "snatch" and in manner unconcerned named the abductors, Roger Touhy, Gustav Schaefer, Albert Kator, and several confederates, including himself.

"They said they wanted to grab Jack Factor," he said, as he told of being roused from sleep one midsummer night to join the band.

He gave his share of the ransom at \$2,300.

Not before had the state been able to produce a participant willing to identify the three defendants in criminal court.

At the first trial, only Factor himself had raised a hand to point out the trio as his tormentors. Then the jury had disagreed as to their guilt, and disbanded without a verdict. Factor has yet to testify at this second trial, and his story may be an anti-climax after the narrative of Costner today.

Witness Protested
Brought back after his capture at Baltimore, Costner was placed on the stand against the strenuous protests of the defense attorney, William Scott Stewart, who argued delirium of a madman because he had not been notified that Costner would be an "accomplice" witness.

Identified by Factor as the "good man," the sentry who had been pleasant to him during the long days of guard duty over the captive, Costner gave his recitation for the jury under the guidance of Prosecutor Wilbert F. Crowley.

"They said they wanted to grab Jack Factor," was one assertion. "I ordered him out of the car."

"They put him in the basement. I drove him 50 or 60 miles to a farm house."

"I stood guard over him for 11 or 12 days."

"I got \$2,300 after the ransom was paid."

In every salient point of his testimony Costner corroborated the story told at the previous trial by Factor. He stated directly at the prosecutor as he talked, ignoring the erstwhile mates who were alleged to have imported him from the Knoxville, Tenn., neighborhood to do duty with a gang.

Roger Touhy toyed with his necktie as Costner strode up to the witness chair, and listened alertly to the story of this star witness that might send him to prison for life, or to the electric chair.

Intent on tying the three defendants closely into the case, Prosecutor Crowley asked:

Q. Did Touhy come to that house?

A. Yes, sir.

Q. Schaefer?

A. Yes, sir.

Q. Kator?

A. Yes, sir, all of them three or four times.

About 12 days after the July first abduction, Costner said, he heard some one say that the \$70,000 ransom had been collected. Under orders, he said he soaked the adhesive tape from Factor's eyes and, in his own automobile, drove his captive to a town which Basil Hugh Banghart and Charles Connors, accompanying him, told him was LaGrange, Ill.

Gallery Spector Has Heart Attack

Lansing, Mich., Feb. 19 (AP)—Otto A. Miller, 43, a spectator in the gallery at the house of representatives, died tonight an hour after he was stricken with a heart ailment as he watched proceedings in the well of the house.

Taken to an ante-room, Miller was treated by Rep. Charles M. Myers, of Dowagiac, who is a physician. Apparently revived, he died as he was being taken to the first floor. He was superintendent for a Lansing storage company.

Retail Trade In Rural Areas Rises

Washington, Feb. 19 (AP)—The department of commerce reported today that retail trade in rural areas had increased 45 per cent in dollar volume for January over January 1933. The seasonal trade drop between December and January, which was 45.5 per cent a year ago, was only 40 per cent this year.

Entire World Bears Grief With Belgium Over Albert's Death

BY ALBERT W. WILSON
(Associated Press Foreign Staff)
(Copyright 1934, By The Associated Press)

Brussels, Belgium, Feb. 19 (AP)—A caisson draped in black bore the body of King Albert tonight, between solid rows of war veterans with bowed heads, back to the capital city, to lie in state for three days.

It will be King Albert's last stay in the royal palace, from which he was driven at the outbreak of the World war, for he will be buried in quiet on Thursday in the royal crypt at Laeken.

Solemnly the populace gathered along the black-draped route of march, still stunned by the shock of the accident that cost the monarch his life Saturday while mountain-climbing in his native hills.

Street Lamps Veiled
A detachment of cavalry bearing torches rode at dusk before the coffin. The streets of Brussels were draped with flags of black.

A detachment of cavalry bearing torches rode at dusk before the coffin. The streets of Brussels were draped with flags of black.

Nearly all the war veterans were in civilian clothes. They carried vari colored standards. Thousands of people from the countryside flocked to the city. The streets and cafe fronts were crowded.

The body will lie in state at the palace until Thursday, when it will be taken to the St. Gudule cathedral for formal services.

The manifest grief of the populace of Belgium was but the reflection of that which bowed the head of the widowed Queen Elizabeth.

Queen Grief Stricken
Over and over again the queen uttered the phrase "all is finished" in a voice so low as to be almost inaudible, persons close to the royal household said. They said she was overcome with sorrow and unable to control her feelings. She was barely able to reply to the prime minister when he sought to offer his sympathy.

When Crown Prince Leopold arrived from Switzerland yesterday with Princess Astrid, the expression on the faces of those who saw them together best described the heart-rendering scene. Mother and son knelt together before the bier of the dead monarch in the royal bedroom.

Overcome with grief, both gave way to long-restrained feelings. Princess Astrid, who loved King Albert as she did her own father, was urged to shorten her trying visit to the death chamber before the funeral.

"We have considered the degree of industrial activity in the various counties for one thing," Johnson said. "We have taken into account the relative pick-up in industrial activity in the counties and we have considered the relative incident of case load."

Delta Cut 150
"Another thing that has been considered in making the cuts is whether a particular county has a federal employment quota aside from that assigned to state. Forestry and lighthouse projects are examples of this additional consideration."

Wayne county's quota will be reduced 6,250 under the new order. Genesee will have its quota reduced by 700 men, Oakland 600, and Kent 450.

Other cuts include: Ottawa 100;

(Continued On Page Three.)

Head Tax Now Due And Payable, Says Attorney General

Detroit, Feb. 19 (AP)—Admitting in court here today that Michigan residents have until October 1, 1934, to register under the state's old age pension law, Assistant Attorney General Judson E. Richardson insisted that the \$2 head tax is now due and payable from every adult.

Richardson appeared for the state at a circuit court hearing on the petition of Clyde V. Fenner and the Forgotten Man's club for an injunction restraining the state from collecting the head tax for 1934.

He said there was no justification for the recent advertisement of the state welfare department that persons not registered by January 31 of this year were liable to fine or imprisonment.

The petitioners are contending that because the law providing that registrations must be completed by October 1 of each year and the head taxes paid by March 1, did not become effective until October 17, 1933, the first registration deadline is next October 1, and the first tax deadline March 1, 1935.

Hearing In Murder Case Is Postponed

Beulah, Mich., Feb. 19 (AP)—The preliminary hearing of Dorsey Carmean and his wife, Rosetta, on a charge of murder was postponed Monday for one week because of the inability of a major witness to appear in justice court. The Carmeans are accused of poisoning Martin Vandercook who gave them jobs and finally deeded his property to them.

Investment Bankers Approve NRA Code

Chicago, Feb. 19 (AP)—Investment bankers from five states to a proposed code for their business after suggesting certain changes.

T. Weller Kimball, chairman of the meeting, said that the bankers would suggest a few changes to the national committee preparing the code. The meeting here, attended by investment bankers from Illinois, Wisconsin, Iowa, Michigan and Indiana, was one of 26 held throughout the nation today to get suggestions before completing the code.

TRIAL UNDER WAY

Kalamazoo, Feb. 19 (AP)—The trial of Alexander J. Wolf, 28, on a charge of slaying John P. Doe, Welch, opened Monday in circuit court here. It is alleged Wolf shot Welch because he objected to the man's attention to his wife. Temporary insanity will be claimed by the defendant.

REAL ESTATE TAXATION UP FOR REVISION

INSURRECTION BOND BILL DEMANDED BY GOVERNOR

BY GILBERT T. SHILSON
(Associated Press Staff Writer)

Lansing, Feb. 19 (AP)—Governor Comstock opened the door for the consideration of more than a score of subjects, many of them highly controversial, as the Michigan legislature convened Monday night for its second extraordinary session.

In a message delivered to a joint meeting of the house and senate the executive threw the subject of real estate taxation into the legislature for possible complete revision. He again demanded enactment of the \$30,000,000 insurrection bond bill which split the last legislative session.

The governor urged a reduction in the cost of automobile license plates from 55 to 35 cents a hundredweight for passenger cars. He advocated reopening of the legislative reapportionment issue. Sweeping election reforms were proposed, including laws requiring pre-primary conventions and corrupt practices act amendments to require a weekly accounting of campaign expenditures.

New Revenue Source
The legislature was asked to include 1932 delinquent taxes in the law permitting payment of delinquencies in 10 annual installments starting in 1935. The governor urged that a proposal for a constitutional convention in 1936 be submitted to the people next November. He also asked for the submission of a constitutional amendment at the same election to remove the uniform tax rate and pave the way for new sources of revenue for governmental support if they become necessary.

"I am not opening the way for consideration of an income tax at this time, but I am allowing the legislature to consider complete revision of the real estate taxation system. If new sources of revenue come it should be after the constitution has been amended," he said.

A tax revision measure, drafted by a sub-committee of the legislative council, was ready for immediate introduction. It proposed abolishing the state tax of \$3,500,000 for the University and Michigan State college and finding those funds elsewhere, either from the sales tax or general fund.

In his message the governor dwelt at length on the necessity of passing the famous insurrection bond bill, which would allow the state to issue \$50,000,000 of bonds without a vote of the people to finance institutional buildings and improvements. The partisan feeling that caused the legislature in the last session to fight over this issue was apparent again. Many of the subjects suggested by the governor were of a nature so controversial no one could estimate how long the extra session might last.

State Public Works
"To my mind, the most important subject you have to consider is the series of bills drafted with the cooperation of the attorneys for the national public works administration, for the purpose of making it possible for our state and municipal governments to participate in the president's program for national recovery. These bills have been before you in

UTILITY COMISH OUSTER IN TALK

Capitol Boys Wondering Whether Comstock Gained By It

Lansing—Did Governor Comstock gain politically by the brooming he administered Kit F. Clardy, Edward T. Fitzgerald and Harry C. McClure, three members of the Michigan public utilities commission?

That seems to be the big question of the week in Lansing. Whether the commission was pro or anti-utility is a matter for the individual but in a large way an ouster proceeding many times appeals to the masses.

This seems to be an age where defiance of the courts and law in general strikes a popular chord. Whether the governor's action in kicking out Clardy, McClure and Fitzgerald will get him more votes in Wayne county or possibly in Clinton is something yet to be determined.

PROCEEDINGS UNUSUAL TO SAY THE LEAST

A non-partisan spectator, if he had happened to drop into the senate chamber in the state capitol and did not know what it was all about might have wondered at the proceedings.

There sat Governor Comstock—prosecutor, judge, jury and all, in fact, the dictator. When the ouster proceeding was announced last week it was just as certain as that the sun would rise on the morrow that the three "bad boys" were on their way. The only question was just how long the governor would take to complete the job.

Of course, the final chapter has not been written. Just as soon as the governor's new appointees take office a test of the proceeding will be instigated in the state supreme court. Their right to the places will be questioned and the court will then say whether the case was proved or not.

The governor ignored the injunction proceedings started by McClure before Judge Collingwood in Ingham circuit court. It meant nothing to him. He acted on the advice of his helper, Ferris H. Fitch, whom he appointed one of his secretaries. A few hours after Fitch told the governor to pay no attention to the circuit court proceeding, Patrick H. O'Brien came

to the same conclusion, and said so in a letter to Judge Collingwood. The judge declined to act on a contempt proceeding, preferring to let the state supreme court have the final word.

TAKES SOLON BACK TO DAY IN RUSSIA

Senator Ray Derham, Republican of Iron Mountain, after watching the proceedings for some time became very reminiscent. There was a faraway look in his eye. He thumbed back the pages of time.

Derham again was a member of the Polar bears, the American Expeditionary Force in Russia, fighting to make the world safe for democracy.

He was prowling around a village inn when he encountered a group of British army officers seated around a large table loudly discussing some weighty problem. Several of them Derham knew. Let Derham tell it from here:

"They were in a hot argument. Knowing the members of the group I inquired what it was all about. 'We are holding a court-martial,' one replied. 'You see, we caught the mayor of the town as a spy.' 'Where is the defendant?' I asked.

"Oh, we shot him two weeks ago; we are just trying to get the record straight."

DERHAM IS GETTING AMMUNITION READY

And Derham ambled out of the senate chamber, his mind was back in Michigan and at Michigan politics. He was thinking up a few ways to make it uncomfortable for his Democratic colleagues when the session begins Monday. And to make sure he will be prepared, he was in Lansing a few days ahead of time just to get an earful of what is in the air.

MANY SUGGESTED TO FILL POSITIONS

The governor is keeping quiet about Clardy, McClure and Fitzgerald's successors but promises to surprise everyone when he makes the appointments.

He has said he will select a lawyer, an engineer and a business man. They are to be outstanding, he says.

Of course some are trying to guess just whom he will select. Ferris H. Fitch, his lawyer-secretary, may fill one place. It is very probable he will, although the governor has others under consideration. Belmont Evans, long a outstanding Democrat on the western side of the state, has had considerable experience in the utility game. Evans has sat on boards of arbitration considering rate adjustments. Then there is George Burke of Ann Arbor, another outstanding lawyer friend of the governor, who has labored in the background for the good of the administration. He has been Governor Comstock's personal representative on banking matters in Washington on many occasions last year.

REPUBLICAN FRIEND
ANOTHER POSSIBILITY
A. R. Merrick of Saginaw, for

mer general superintendent of the Peire Marquette railroad and later traffic manager of the Buick Motor company, has been urged as one of the appointees. There has been some mention of Charles Hemans of Detroit, university regent, but his affiliation with the law firm representing utilities before the commission is expected to prevent his appointment.

Then, too, it is rumored that Grove M. Rouse of Atlanta, long a personal friend of Governor Comstock, may be one selected. Rouse is a Republican but he is just as good a friend to Governor Comstock, who held him on his job as postmaster during the eight years of Woodrow Wilson's administration which is more than a friendly gesture.

M. Thomas Ward of Grand Rapids, who with Fitch and Gerald K. O'Brien, deputy attorney general, prepared the ouster case for the governor, would not be displeased if he were called to serve.

FERA Funds Will Be Used To Pay Regular Teachers

Announcement has been made by federal authorities that emergency education funds will be made available for teachers' salaries in schools that are closed or are about to close in communities having a population of less than 5,000, provided in each case every effort has been made to provide school as long as possible on local and state funds.

Regular teachers may be employed under this plan whose teaching salary is their only source of income. This fact must be established by the county emergency welfare relief administrator.

Federal funds will not be forthcoming until local and state funds are exhausted. Money will be available for teachers' salaries only. Funds for back salaries, administration, janitorial services, maintenance, equipment or supplies, will not be allowed. The distribution of this money will be the same as for the other FERA projects.

School districts not eligible for aid under the Thatcher-Sias Act and in dire need, will be eligible to participate in the federal funds as soon as they are made available.

Hope Classes Continue

In reply to a report of Paul E. Voelker, state superintendent of public instruction, that present work relief in education funds will be exhausted March 16, Dr. L. R. Alderman, deputy federal emergency relief administrator, in charge of the emergency education program, has wired "No indication here that special grants for educational program will not be continued at least through spring months."

The department of public instruction will notify work-relief centers as soon as additional information on this subject is received. It will be planned to give

OBITUARY

STANLEY SZAFIARSKI, JR.
The funeral of Stanley Szafarski, Jr., of LaBranche, who took his own life Friday in a barn on the farm property of his parents, will be held Wednesday morning at 8 o'clock in the home and at 9 o'clock in St. Michael's church at Perronville. Rev. Fr. Thomas Drensacz will offer the requiem high mass and interment will be in the Perronville cemetery.

Stanley Szafarski was born in Yorkum, Pa., 21 years ago and came to LaBranche with his parents 11 years ago. Besides his parents, he is survived by the following brothers and sisters, Joseph, Frank and Caroline of LaBranche; Josephine of Chicago; Mrs. John Kocanda of Fairmont, W. Va.; Mrs. John McIntus of Rowersrun, Pa.; Mrs. Joseph Pelka of Whitney, Mich.; and two nieces, Irene and Marie Gail of LaBranche. The deceased was a member of the Polish Alma Mater society.

The young man's body was taken to his parents home from the Square People chapel in this city on Sunday morning.

MRS. HANS TENGMAN

Funeral services, which were largely attended by friends and neighbors of the family, many of them from Ford River and Danforth, were held Monday afternoon for Mrs. Hans Tengman of Danforth who died Friday.

The services were conducted in the chapel of the Anderson Funeral Home at 2:30 o'clock. Rev. C. A. Lund of Bethany Lutheran church officiating. During the services Mrs. Lund and C. Arthur Anderson sang a duet, "Nearer, Still Nearer," and Mrs. Anderson sang a solo, "Abide With Me."

Burial was in Lakeview cemetery. Pallbearers were W. H. Murphy, Algot Olson, Rockford Irving, Andrew Erickson, Dan Ferguson and Eric Stoncliff.

At ending the services were Mrs. S. Kootes, of Jamestown, N. Y.; Mr. and Mrs. Edward Ziegler, of Florence, Detroit; Gladys Tengman of Mount Clemens; Mrs. Gus Djupstrom and son, Olaf Bergstrom, and Esther Bergstrom of Daggett.

Grizzly Bear Is Going

Colorado is the type of locality of four races of grizzly bear, but it is doubtful if more than a dozen or two of these magnificent creatures are now left. Black bears are fairly numerous in many sections of the mountains, particularly on the western slope. Mountain lions were common but consistent hunting with dogs has put them under control.

TAX EXPERTS HOLD PARLEY

Seek Law Letting States Levy Duty on Inter- state Shipments

Indianapolis, Feb. 19 (AP)—Enactment of federal legislation which would permit individual states to tax incoming interstate shipments of goods sold at retail was approved "in principle" by tax officials from nineteen states here today.

Formal action on a resolution calling on the congress to pass such legislation and asking President Roosevelt to give it his approval probably will be taken tomorrow, after the tax officials have formally organized.

Ten of the states represented have a sales tax but, according to the speakers, have been unable to collect on interstate shipments sold at retail.

Fred E. Stewart, a member of the state board of equalization in California, told the meeting that his state was losing \$8,000,000 a month because there was no law to enforce the collection of the state tax on interstate shipments.

M. Thomas Ward, assistant attorney general of Michigan, asserted "Michigan will deliver 19 votes in congress for a bill to permit the states to tax interstate retail shipments."

Morgan Is Present
Some of the tax experts and attorneys doubted the constitutionality of such an act.

"I submit that the supreme court would be forced by public opinion to adopt a rule that sales tax may be applied if uniformly levied by each state on interstate shipments," Ward declared.

"There are two schools of thought in the supreme court. One interpreted and adopted the rule to protect capital and forgot the rights of the states and human beings. The time has come when the rights of states and human beings must be protected."

A copy of a proposed law to be submitted to congress at the present session was submitted by Harry McMillan, director of collections and assessments for the North Carolina department of revenue, and formed the basis of discussion on that subject.

McMullan, Stewart, Neil H. Jacoby, supervisor of research in the Illinois department of finance, and Ward led the discussions. James E. Morgan, managing director of the Michigan sales tax, was the temporary chairman of the meeting.

Ward found today upon comparison that Michigan collects its sales tax at a lower cost than any other state having such a tax.

Michigan collection cost is 14 percent. Ward also said that the state tax in Michigan is the lowest per \$1,000 valuation since 1858.

BRIEFLY TOLD

Has High Grades—William Fish, Escanaba Senior high school student had the following high grades, according to the honor roll just announced: third term—AAAA; first semester—AAAAA.

Chorus Meets Tonight—A meeting of the community chorus has been called for 7 o'clock this evening at the junior high school. All members are asked to be present.

Offices Close—The city hall will close Thursday in observance of the Washington's birthday holiday. Persons scheduled for city orders on Thursday may call for them on Wednesday instead.

Thefts Reported—Two automobile thefts were reported to police. Robert Mattson, Cornell, said that a suit of clothes was stolen from his parked car, and Gilbert Labay, Cedar River, had a large quantity of supplies taken from his sedan. The missing goods included: sugar, lard, coffee, flour, beans, baking powder, maple syrup, meat, tobacco, matches, rubbers, overalls, mittens and socks. The lock and handle of the car door was broken to gain entrance.

Banks To Observe—Thursday, Feb. 22, being Washington's birthday, a legal holiday, banks of Delta county will not be open for business on that day. Banking will be resumed as usual Friday morning.

Will Attend Meeting—Supt. R. E. Cheney will leave the latter part of the week to attend the annual convention of the National Education Association in Cleveland.

Boek Repairs Started—About twenty-five men are now employed in repairing the Milwaukee Road docks. The force will be increased to about seventy-five men when timber and other supplies are received. It is expected that the work will continue until about April 15.

McDonald Will Not Seek Mayor's Post

Grand Rapids, Feb. 19 (AP)—Stating he has "neither time nor the desire to engage in a rough and tumble political fight for a non-political office," John S. McDonald, former justice of the state supreme court, today announced his withdrawal from the race for nomination as mayor of Grand Rapids.

Find what you want to sell or buy in the Classified ads.

He explained this was due to a reduction of the property tax from \$3.57 per \$1,000 to 60 cents per \$1,000, eliminating \$20,000,000 from the property tax bill of the state. That \$20,000,000, he said, was absorbed by the sales tax collections.

Four Arrested In Bootlegging Case

Flint, Feb. 19 (AP)—The first men to be arrested here during the state's current campaign against bootlegging establishments, John Manlich, John Waytewicz and Floviese Zveit are held on charges of frequenting a place where liquor was illegally sold. Mrs. Helen Poslenik is charged with selling liquor illegally in the same place.

DAGGETT BANK CASHIER SUICIDE

Body Found Hanging from Bed Post by His Wife Sunday

Menominee, Feb. 19.—Clarence Otis Larsen, 49, cashier of the Bank of Daggett until it closed in August, 1932, took his life by strangulation in his Daggett home about 10:30 a. m. yesterday.

His body was discovered by his widow, Ovidia, when she returned from church at 11 a. m. yesterday. Mr. Larsen, using his trouser belt, hanged himself from a head post of his bed.

Despondency caused by unemployment caused his act, officers believe.

Mr. Larsen was well liked in Daggett where he had lived for 18 years. Since the Bank of Daggett, now in liquidation, closed in August, 1932, he had sought employment in vain. Worry brought on a nervous breakdown several months ago and reported rejection of his application for a position in Iron Mountain recently because of impaired vision increased his despondency.

Mr. Larsen left a note written in longhand with pen and ink for his widow. It stated:

"I have tried but seems to be no wor kfor me. Vid you have been wonderful. Forgive me."

Clarence. The extent of his desperation, however, was not known by his family. He is survived by his widow, Ovidia Larsen, nee Throsdahl, one time deputy county clerk; a son, Grayland, 19, a student in the Michigan Institute of Technology, Houghton, and two brothers, Lloyd, of Menominee, and Grover, of Marinette.

Mr. Larsen was born in Pound, Wis. His parents are dead. Mr. Larsen's accounts at the Bank of Daggett were all proper.

Mr. Larsen was a member of the Royal Arch Masons of Menominee, the Blue Lodge of St. Ignace and North Shore Golf Club.

The body was taken to the Lemieux funeral home for preparation for burial. It was taken to the Larsen home in Daggett 1:30 p. m. today. Funeral services are to be held tomorrow in the home at 1:30 p. m. and in the Moravian church, Daggett, at 2 p. m. The Rev. H. R. Heise, pastor of the church, will officiate, assisted by the Rev. William Hultman, of Wallace. Interment is to be made in the Palestine cemetery.

PEARCE SPEAKS AT ROTE MEET

Escanaba and Gladstone Clubs Hold Ladies Night Program

America is safe just as long as we can write into the hearts of its men and women those great fundamental principles of life, emphasizing honesty, service and brotherly love, according to Webster H. Pearce, president of the Northern State Teachers' college, who delivered an inspiring address at the Ladies Night program of the Escanaba and Gladstone Rotary clubs at the Delta hotel last evening.

"This Changing World" was the subject of Mr. Pearce's address, in which he reviewed the changes that have developed in the last half century in the fields of transportation, communication, styles, religion and government.

While material things may change, he said, there are great fundamental principles that remain the same. It is essential that our children receive an education. It is not important what kind of school buildings, books and other materials they have. Discussing religion, he pointed out that a half century ago the accent was on "dying" while now the emphasis is placed on "living."

Mr. Pearce referred to the national collapses of Insull and Krueger as evidences of the results of dishonesty in business and industry. Speaking of governmental changes, he quoted Sherwood Eddy's prediction that Communism cannot succeed in Russia because there is "justice and freedom" for only the million and a half who are "in the inner circle." The Communists also will fail, he said, because they have forgotten the Second Commandment.

Harry D. Brackett, president of the Escanaba Rotary club, presided as chairman of the meeting, while Charles Gessner introduced the speaker of the evening. The Escanaba high school mixed chorus, under the direction of R. P. Bowers, sang four selections from the operetta, "Pinatore," which were enthusiastically received.

The bamboo plant has been known to grow 16 inches in one day, and reaches a height of 116 feet.

DEATH CALLS
RAIL PIONEER

Hugh McLaughlin Help-
ed Build C&NW
Line in 1872

Iron Mountain, Feb. 19—Hugh McLaughlin, resident of this city for the last 50 years and of the district for 56 years, and postmaster of Iron Mountain under the Cleveland and Wilson administrations, died at 11:45 o'clock Saturday night at his home, 691 Washington street, following an illness of the last several months.

Mr. McLaughlin's death has taken from the community a man who was actively associated with its early development and growth, and who devoted much of his time and effort to public interests.

A native of Wisconsin, Mr. McLaughlin was born February 22, 1846, in Brookfield township, Waukesha county, a son of James and Mary McLaughlin. His parents were both born in County Mayo, Ireland, of Scotch-Irish ancestry. He would have been 88 years of age on Thursday of this week, Washington's birthday.

Attended School in Waukesha
Mr. McLaughlin received his early education at Waukesha, following a trail through the woods a mile and a half to school. He attended the short sessions of the district school there during his boyhood, and assisted his father on the latter's farm in his spare time.

At the age of 21 he became an instructor in the schools at Waukesha. In 1870 he left home and was engaged in the grocery business in Chicago until 1871, when he became foreman of construction on the North Western line between Green Bay and Marinette, Wis. The railway being completed in December, 1871, Mr. McLaughlin assisted in the building of the railway line between Menominee and Escanaba. The completion of that line, in December, 1872, provided direct rail connections between Ishpeming and Chicago. Previous to that the traffic from Escanaba to Chicago had been wholly by way of the Great Lakes in summer and by stage in the winter.

In Lumber Business
During the next four years Mr. McLaughlin was engaged in the lumber business in Menominee, being associated with the Kirby Carpenter company until 1877, when he assisted in the construction of the railway between Powers and Quinnessee. That line was completed in the fall of that year.

Before the end of 1877 Mr. McLaughlin moved to Quinnessee, where he opened an insurance office, being the first to engage in that business in what is now Dickinson county. He remained here until 1884, when he moved to Iron Mountain, where he had since resided. Mr. McLaughlin was married November 28, 1878, to Margaret Donovan, whose father and mother were likewise natives of Ireland.

Always interested in community affairs Mr. McLaughlin held his first public office when only 21 years of age, being elected a member of the school board of his native township. From April, 1887, until October, 1889, he was postmaster in Iron Mountain, and was reappointed again under the Wilson administration.

Appointed to the Iron Mountain board of education in 1886, he served for many years as the secretary of that body. He joined the Masonic lodge in 1879, at Quinnessee, and maintained his active membership to his death, meanwhile becoming affiliated with various other Masonic bodies, among them the Iron Mountain Blue lodge, the Chapter Commandery, Council, Knights Templar, Francis M. Moore consistory, the Eastern Star, the Shrine and the Menominee Range Shrine club. He was also a member of the Iron Mountain Lodge of Elks.

One daughter and one son survive. They are Mrs. Mary A. Williams and Hugh McLaughlin, Jr., both of this city. A sister, Mary McLaughlin, resides in Chicago.

Funeral services will be held at 2 o'clock Wednesday afternoon at the home, with burial in Cemetery Park. The Iron Mountain lodge of Masons will be in charge of the services.

Krause Appointed
C&NW Claim Agent
To Succeed Lewis
The Chicago and North Western railway has appointed C. W. Krause as district claim agent, with headquarters at Green Bay, to succeed D. Q. Lewis, who died recently. Charles P. Mooser has been appointed chief train dispatcher at Green Bay to succeed L. D. Bowman, retired.

The new claim agent for the last two years has been chief clerk to the assistant superintendent here. He had formerly been chief clerk to the superintendent at Fond du Lac, before the consolidation of the Northern Wisconsin and Lake Shore divisions, and also had served as claim agent out of that office. He has been with the road for 27 years.

The new chief dispatcher is well known here, having worked in Green Bay continuously since 1905, with the exception of about two years as trainmaster at Mason City, Iowa. He entered the employ of the road as station helper at Kimberly in 1900, was transferred as an operator in Green Bay, and was made a dispatcher in 1905. In January, 1918, he was appointed night chief, a position which he held until going to Iowa in 1929. With the reduction in personnel of 1931, he returned to Green Bay as night chief, which position he has held until his present promotion.

TRAGEDIES OF
VIENNA BARED
AFTER REVOLT

(Continued from Page One)

"I'll sit here until he does." She keeps repeating it. She had repeated it for three days now.

Husky, grim policemen, steel-helmeted and carrying their bayoneted carbines, come, exhausted, into the barracks from five and six days of continual service. They faced the fire of socialists; they stormed machine gun nests and riflemen's pits. They can take it.

But not one of them had nerve enough to tell the little, stooped old lady that her policeman husband will not come back except in a black box.

She will have to farm that Danube plot alone.

BREAK APPARENT
Rome, Feb. 19. (AP)—The possibility of a break over Austria between Fascist Italy and Nazi Germany, foreseen by many observers who emphasized today by an editorial attack on Berlin by the newspaper Giornale D'Italia.

"There now is no longer any doubt," said the newspaper, probably closer to the government than any in Rome, "that the national Socialist movement (Nazi) which exploded in Austria in violent form is inspired by Germanic elements."

"Their headquarters are in fact Berlin and Munich," the article continued. "Their chief organizers are among the highest personalities in the German political world."

"Explosive" and arms which have made victims in Austria have come in part from Germany. Combat squads which are operating and which still operate in Austrian territory for national Socialists have been in part maintained and educated in Germany."

The paper was replying to attacks from the German press directed against Italy as a result of the declaration by Rome, France and Great Britain, that Austrian independence must be preserved.

NAHMA NEWS
Nahma—The marriage of Rachel Rhodes and Clyde Bhenke took place at the home of Mrs. Ranville on Sunday, Justice of the Peace H. Moore performing the ceremony. The witnesses were Edna M. Turek and George Schwartz.

Mrs. Homer Beauchamp was pleasantly surprised at her home by a host of her friends last Monday, the occasion being her birthday, and celebrated by a comic dress-up party. Attending the enjoyable evening were Mesdames E. Bedard, F. Couillard, G. Schwartz, J. Schwartz, P. Stratton, L. Hamilton of Rapid River, W. Bedard, C. Ward, M. Willet, F. Poupore, W. Bennet, F. Olmsted, J. Deroser of Garden, E. Labrassiere, H. Needham of Escanaba, T. Tobin, E. Juneau, G. Ranville, H. Drudning, E. Turek. Mrs. Thomas Tobin's son during the depression earned her the prize of the best mimicker. First prize at cards went to Mrs. Charles Ward, and consolation to Mrs. John Schwartz. A delicious luncheon was served after which Mrs. Beauchamp was presented with a remembrance gift.

Patsy MacDonald entertained seven of her little friends at her home on Saturday, the day being her seventh birthday anniversary. The young guests were Jean Bedard, Jean Cameron, Betty Mae Brophy, Kathryn Hruska, Nina Johnson, Jean Thibault, Laverne Truick, Games and a luncheon were enjoyed by all.

A daughter, Thelma Mae, was born to Mr. and Mrs. Clyde Bhenke of Camp 4 at the home of Mrs. George Ranville on February 19.

Mr. and Mrs. G. Schwartz returned to their home after visiting in Green Bay. Their daughter, Vera, accompanied them.

Regional Offices
Get Conservation
Wild Life Films
Lansing — People throughout Michigan will be given an opportunity to see motion pictures of wild life and conservation activities through a system that has been announced by the Conservation Department.

Motion picture projectors and conservation films are being located at each of the regional offices of the department for use of local conservation officers. Officers will spend as much time as possible showing pictures to adult and school groups.

It is hoped that under the new system, thousands will be given a chance to see the pictures who could not obtain them in the past because of the lack of equipment with which to show them.

About 20 reels of pictures now included in the department's film loan system will be used by the officers.

Club Inquires About
Evening Grosbeaks
Lansing—Information as to whether evening grosbeaks are present in Michigan during the present winter is being sought by the newly organized Michigan Bird Banding Club, according to Allen Montgomery, secretary, Owosso. A flock of 15 of the birds was recently seen near Mayville by Dr. Harry A. Barbour, president of the club. During severe winters these birds are said to migrate from the north and east.

More than 7000 persons are engaged in the construction of gliders in Russia at the present time.

LAWS AGAINST
CRIME PLANNED

12 Point Program Aims
at Gangsters and
Kidnapers

Washington, Feb. 19 (AP)—A twelve point legislative program designed to give the justice department broad power to secure convictions of gangsters, kidnapers, racketeers and criminals operating in interstate commerce was submitted today to congressional judiciary committees.

Attorney General Cummings submitted the plan with a letter to chairmen of the respective committees—Senator Ashurst (D-Ariz.), and Representative Sumners (D-Tex.)—saying the legislation should be limited to functions to be performed by a central agency and not to invite problems of political sub-divisions.

The attorney general said the program was justified under the commerce clause of the constitution. It calls for the death penalty for kidnapers, registration of all firearms, the making of all stolen property sent into interstate commerce subject to federal prosecution, and makes it a criminal offense to extort or seek to extort by telephone, telegraph, radio or oral message and to intimidate, coerce or otherwise interfere with interstate business or in any way to interfere with banks with criminal intent.

"The recent growth of certain types of crime has brought forcefully to our attention the fact that criminals engaged therein are not under adequate control. The crimes referred to above are those perpetrated by organized groups of gangsters who do not confine their unlawful activities to any particular city, county, or state, but, who on the contrary, as a part of an organized plan, move rapidly from the scene of one crime of violence to another across state lines, often passing through several states into another section of the country."

CWA QUOTA IN
DELTA CUT 150
(Continued from Page One)

Iron 185; Menominee 60; Jackson 150; Lenawee 75; Mason 50; Houghton 300; Delta 150; Chippewa 60; Muskegon 250; Ionia 100; Lapeer 80, and Marquette 250.

Johnson said the cuts in some of the upper peninsula counties "particularly may seem to be severe. The reductions are such because the particular counties have had such a heavy, disproportionate quota in the past. We built them up to a great advantage."

FUNDS FOR MATERIALS
Washington, Feb. 19. (AP)—Allocation of \$30,000,000 to states for purchase of material to be used on civil works was announced today by Harry L. Hopkins, administrator. The money allotted must last from February 15 to the end of the civil works program, May 1.

Hopkins asserted that the civil works program was going to end May 1. What form relief will take after that date he did not say.

Hopkins also stated that the civil works program from February 15 to May 1 would cost between \$350,000,000 and \$450,000,000.

The allotment which is the maximum amount that may be spent for materials and purposes other than payrolls in Michigan is \$1,500,000.

SOCIAL
Card Party
The Schaffkop and Pinochle club of the North Star society invites the men of the lodge to come and show their skill at these games Wednesday evening, February 21, at the North Star hall. Prizes will be awarded to the champions of the evening.

Standardized Price
For Milk Accepted
Detroit, Feb. 19 (AP)—The sales committee today accepted a tentative agreement submitted by the federal government which would standardize the price of milk paid producers by the distributors in the Detroit sales area.

The agreement sets a price of \$1.95 per hundredweight for class 1 milk. The price for class 2 milk would be three and one-half times the average wholesale price of 92 score butter at Chicago, plus 33 1-3 per cent, then plus 20 cents. More than 80 per cent of the total production is made up of class 1 milk.

A resident rod license is necessary to take fish with the use of a spear for any other species or in any other manner, the department points out.

Conservation officers have reported observation of fewer violations of spearing laws generally through the state this winter as compared with a year ago.

Safety Engineer
For U. P. Chosen
Caspian, Feb. 19—Appointment of E. J. Pearce of Negaunee, as upper peninsula safety engineer for the CWA was announced at the peninsula headquarters here today. Pearce is a graduate of Michigan Tech and has had considerable experience in safety work.

A circular inch is the area within a circle one inch in diameter.

NRA CODE FOR
PRESS SIGNED

(Continued from Page One)

whole constitution or of the ten commandments. The freedom guaranteed by the constitution is freedom of expression and that will be scrupulously respected—but it is not freedom to work children, or do business in a firetrap or violate the laws against obscenity, libel, and lewdness."

"The president also termed 'pure surplusage' a provision whereby the publishers assert that while the chief executive has power under the industrial law to counsel or modify his approval of the code, subscribing papers 'do not thereby consent to any modification thereof, except as each may thereto subsequently agree, nor do they thereby waive any constitutional right, or consent to the imposition of any requirement that might restrict or interfere with the constitutional guarantee of the freedom of the press.'"

"While it has no meaning," said the president in respect to this, "it is permitted to stand merely because it has been requested and because it could have no such legal effects as would bar its inclusion."

"Of course, a man does not consent to what he does not consent to. But if the president should find it necessary to modify this code, the circumstance that the modification was not consented to would not affect whatever obligations the non-consenter would have under Section 3 (D) of the national industrial recovery act."

That section permits the executive to impose a code or conditions if "abuses inimical to the public interest" are found by him to exist in any industry. Such imposed requirements are made by the law mandatory on those covered.

The code itself establishes a basic 40-hour work week for all employees except the reporters, professionals, executives, maintenance men and special cases with the provision that in cities under 50,000 but over 25,000 clerical help may work not more than 44 hours, and in cities under 25,000 as much as 48 hours.

HARRIS NEWS
Harris—Miss Sally Flynn of Iron Mountain visited at the home of her parents, Mr. and Mrs. David Flynn, Sunday.

Joe Gurosh returned Friday evening from Wausaukee where he has been employed at hauling logs.

Mr. and Mrs. H. H. Edgerly and daughters, Ruth and Margaret, and of Stephenson visited at the J. E. Ranger home Sunday.

Bill Sharon of Cedar River spent the week-end at the home of his parents, Mr. and Mrs. Frank Sharon.

Julie De Grave motored to Daggett Thursday afternoon. He visited there with his daughter, Mrs. Leola Sandahl.

Mr. and Mrs. Leslie Good are the proud parents of a son born Friday morning. Both mother and baby are getting along fine.

Miss Myra Kinseter arrived here from Chicago Friday. She was on her way to the home of her parents, Mr. and Mrs. C. Meila.

Miss Anna Brukardt went to Marinette Saturday where she will be employed.

Inland Spearing
Closes Feb. 28th;
Fewer Violations
Except for non-trout streams and trout streams designated open to spearing in season, where but six species may be taken, Michigan's inland waters will be closed for spearing at midnight, February 28.

From March 1 to May 15 the spear may be used to take carp, suckers, redear, mullet, dogfish and garpike in non-trout rivers and streams.

No artificial lights are permitted except in designated streams, according to the Conservation Department and through special action taken by the Conservation Commission no spearing will be permitted for any species in the Muskegon River or in the Pine River from Summer Dam to Alma Dam in Gratiot county.

The winter spearing season through the ice in inland waters began January 1 and ends February 28. It permits the taking of carp, suckers, mullet, redear, sheephead, lake trout, smelt, pike (great northern, grass pike and pickerel), muskellunge, whitefish, eels, pilchard, dogfish and garpike with a spear without the use of an artificial light, and in all inland waters except trout streams and waters that are not otherwise closed to spearing.

A resident rod license is necessary to take fish with the use of a spear for any other species or in any other manner, the department points out.

DR. WYNEKOOP
TRIAL REOPENS

Prosecution Will Seek
Death Sentence for
Aged Physician

Chicago, Feb. 19 (AP)—The Wynekoop murder trial drama, which was interrupted at its climax by the illness of its principal character during its first presentation, started a second run today in a new setting.

A new mood characterized the defendant, Dr. Alice Lindsay Wynekoop, on trial for her life in the operating room slaying of her daughter-in-law. Apparently in much better physical condition than during her first trial a month ago, the matriarch of Wynekoop mansion had recovered her poise and self assurance. A touch of color had returned to her, an ashen gray during the first ordeal.

There was room for all who sought entrance to the courtroom of Judge Harry B. Miller as the preliminaries of hearing the defendant's plea of not guilty and the judge's instruction to the veniremen were disposed of. By the time the session was called to a close three hours later the room was filled, but there was none of the pushing or jamming which marked the start of the first trial in the court of Judge Joseph B. David.

Seeks Death Penalty
The questioning of the first 17 veniremen failed to produce a panel acceptable to both sides, and the trial was adjourned till tomorrow by agreement so that a defense attorney could obtain dental treatment.

Prosecutor Charles S. Dougherty again announced his intention of qualifying a jury to inflict the death penalty. Three prospective jurors were excused when they testified that they had conscientious scruples against such punishment.

A double row of chairs to the right of the counsels' table had but three occupants—the defendant's son and daughter, Walker and Dr. Catherine, and the Rev. John Henry Hopkins, her spiritual comforter. Her other son, Earle, conspicuously missing during the first trial, was again absent, but for him, the husband of the slain Rheta, the mother had words of praise and defense.

Dr. Wynekoop laughed frequently as she talked with her attendants and court attaches.

Mary Kennedy, chief matron at the county jail, seemed pleased at the good spirits shown by Dr. Wynekoop.

"This is the first time I've heard her laugh like she really meant it since she has been with us," she said.

Charred Bodies Gives
Murder Indications
Remus, Mich., Feb. 19 (AP)—The charred body of an unidentified man was found today in the ruins of a farmhouse which had been destroyed by fire, and authorities tonight were working on the theory that he had been slain.

There was no clue to the man's identity. The body was unrecognizable and only a fragment of apparently expensive brown checked suit material and a pipe were left which might be identified.

Coroner Albert Jewell said the condition of the body made it impossible to determine whether the man was dead before the fire started. The skull was cracked, but he said the fractures appeared to have been caused by the intense heat, rather than by blows, although he could not be certain of this.

OBITUARY
SMITH INFANT
Harold Dean WeWain Smith, infant son of Mr. and Mrs. William O. Smith of Fayette, passed away shortly after birth last evening at 1111 Ninth avenue south. The child was born at 8:20 o'clock and passed away ten minutes later.

The body was taken to the Boyce funeral home to be prepared for burial. No funeral arrangements have been made.

HAIR LOTION FATAL
Detroit, Feb. 19 (AP)—Sandra Jane Menold, 4, died Monday not long after she drank from a glass containing a hair lotion.

U. P. Briefs

MAKES PLEA FOR NORTH

Ishpeming—C. Connor Cowpland, of Ishpeming, administrator of the Marquette county emergency welfare relief commission, yesterday addressed a plea to Fred R. Johnson, state CWA administrator, at Lansing, asking that a distinction be made so far as the upper peninsula is considered in the general retrenchment program outlined by the Civil Works administration.

Pointing out that climatic conditions and geographical factors in the upper peninsula are such that a sharp reduction in CWA man-quotas would bring about great hardship at this time and place large numbers on direct relief, Mr. Cowpland requested that seasonal differences be taken into account by the state Civil Works administration and that the schedule for laying off men at the rate of 10 per cent weekly be delayed three weeks in the Lake Superior district in comparison to the lower peninsula.

MUNICIPAL COURT PLANNED
Negaunee Mayor James A. Thomas is expected to call a special meeting of the city council this week to take action upon a proposal for establishing a municipal court in Negaunee, which may be submitted to the electorate at the annual spring election on April.

Michael F. DeFaut, city attorney, has completed a draft of a charter amendment, which will be submitted at the special meeting. Approval of three-fifths of the aldermen is necessary before the proposition can be submitted to a vote and Governor William A. Comstock also would have to put his O. K. on the proposed charter amendment.

American Naval
Cruisers Display
Skill On Pacific
With the United States Fleet, on Maneuvers off Southern California, Feb. 19 (AP)—America's hounds of the sea, the newest ships of the navy, went through their last paces today.

These heavy cruisers, which many naval authorities acclaim the greatest weapons of defensive naval warfare, performed in thrilling fashion under the command of Vice Admiral Harris Laning.

In every maneuver this year the cruisers of Admiral Laning have outpointed naval aircraft squadrons in the mission of the discovering and tracking an opposing force.

The cruisers were the main divisions of the fast striking force of Vice Admiral Frank H. Brumby, whose task in the opening problem today of the three-day naval exercises at sea, was to locate and to intercept the high seas battle fleet.

Aerial forces, composed of two aircraft carriers and their mighty flying squadrons, were augmented by the dirigible Macon, serving as a scoutship and flying hanger of the clouds for its own five planes. In two previous missions with the fleet, the dirigible was theoretically shot down by the cruiser divisions.

C. M. Dalrymple
Is Reported In
Grave Condition
Menominee, Feb. 19—Claude M. Dalrymple, general sales manager of the Lloyd Manufacturing company, was reported in grave condition in the health resort, Winnetka, Ill., this afternoon.

Mr. Dalrymple had been ill at his home here for two days before he was taken to Winnetka on February 8. His condition was not so serious at the time, but an acute condition of the blood caused by destruction of the white corpuscles has developed.

NOTICE OF CODE MEETING
On Wednesday, February 21, 1934, at 10:00 a. m. a meeting of all automotive wholesalers as defined in the Code for the Wholesale Automotive Trade will be held at the Plankinton Hotel, Milwaukee, Wisconsin, for the purpose of electing a district administrative committee.

By order of the National Code Authority
Fred P. Rudy, Chairman
District Organization Committee

2 Held For Quiz In
Hermansville Row

Menominee, Feb. 19—Two Hermansville youths were taken into custody Saturday by sheriff's officers for questioning concerning the fight in the Hermansville Community club on Saturday night, February 16, in which Earl Hupy, 24, of Spalding suffered a fracture of the jaw. Hupy is under treatment in St. Joseph's hospital.

The youths held for questioning are Roy Greenwald, 19, and Roy Maves, 18. Officers said that the fight which resulted in the injuries to Hupy and Maves, who suffered a scalp wound, appears to have started when Maves was kicked while dancing. Hupy was innocent of the kicking, officers believed, after investigation.

A horseback trail is being built at Mount LeConte, one of the loftiest peaks in the Great Smoky Mountains National Park.

Lauerman's
Spring Fabrics
That will bring delight to the woman who styles and fashions her own frocks. New Weaves, new colorings, that are style right. And best of all prices are most reasonable. See them today.

VANDENBERG ANNOUNCES

FORMAL announcement of his candidacy for reelection was made by U. S. Senator Arthur H. Vandenberg at a belated Lincoln Day dinner held at Grand Rapids Saturday evening. Coincidentally, former Governor Fred W. Green announced he would not be a candidate for the senate, explaining that his "greatest political ambition is to see a united and victorious Republican party."

As a result, present indications are that Senator Vandenberg will secure the Republican nomination, and that he will only have to concern himself about the candidate who will be picked by the Democrats. Just who his Democratic rival will be is not yet apparent. A large array of potential candidates have been mentioned of late, including Frank Murphy, governor-general of the Philippines; M. S. Pittman, Ypsilanti, director of the laboratory schools of Michigan State Normal College; Atty. Arthur Lary, Detroit; John K. Stack Jr., Escanaba, auditor general; Martin R. Bradley, Hermansville, speaker of the house; Rep. Michael J. Hart, Saginaw; and Rep. George E. Penikese, Hartford.

In his usual eloquent manner, Senator Vandenberg, in his address Saturday evening, sounded the keynote of the Republican campaign in Michigan. He was quick to point out that the Republican party, which received more than 16,000,000 votes in the last presidential election, cannot be considered as dead, and that it will still continue to be a force in the life of the nation.

While he said he could not condone mere political sniping, Senator Vandenberg declared that it should be the function of his party to discriminate between sound and unsound governmental policies. He called attention to the disclosures of graft in the CWA, the administration's monumental spending program, and the uncertainties of the nation's monetary policy, which, he said, emphasize the need for the Republican party's serving as "watchdog."

Senator Vandenberg feels that the Republican party should typify Lincoln liberalism and sound American principles. While admitting that "so-called rugged individualism never again can roam an unrestricted domain in our America," Senator Vandenberg sounds a warning against the monstrous bureaucracy, regimentation, and other radical experiments of the Roosevelt administration. His scholarly address revealed him as the great statesman he is. His words will, no doubt, be guideposts for the Republican party to follow in the forthcoming campaigns.

HIS DEATH MOURNED

THE death of King Albert of the Belgians is being sincerely mourned throughout the world for he was one of the most popular of the few remaining monarchs.

King Albert gave his people a democratic form of government. He always took a true interest in their welfare and he lived with them, not above them. During the world war, he took command of his troops and risked the dangers of conflict the same as any other soldier.

Under his rule, Belgium was given many economic and social reforms. As a result, his government was always stable, and life the affected by the radical movements that have gripped the nations that surround the little kingdom. Whether his successor will be as fortunate now is a big question, for Europe is enmeshed in a spider-web of political intrigue and the peace and security of any one of its component nations is always periled.

The political developments that attend the coronation of Crown Prince Leopold as the new king of the Belgians will be worth watching.

Married Flirts

CHAPTER XL

Vera said, "I'm afraid it's strained." She said, "It's terribly stupid of me. That tricky angle." She smiled wistfully and bravely at the young man beside her on the marble steps of the great station. The young man wore an anxious expression. "The thing to do is to get you to a taxi as quickly as possible," he told her. "Dash it all, he had been counting on rushing straight home. This would hold him up for a bit. But she was so brave about it—and the wretched thing was probably hurting her like fury—that he had to curb his annoyance.

"I'm frightfully sorry," Vera said in a small voice. He was So and So has signed his contract, that Joe Whoozis still is a hold-out, and that Manager Whatzit figures his team will land in the first division next fall.

And although spring still may be quite a way off, by the calendar, we know, as we read these stories, that winter's back has been broken. It won't be long now. When the baseball stories begin to pop, spring is just around the corner.

LYRICS OF LIFE

By Douglas Malloch
Copyright 1934 by Douglas Malloch

GOD GIVES THREE TIMES
God gives three times, and never one
Whether it be a baby's smile,
A purse of gold, a square of sun,
A cottage on some northland isle,
God gives three times the gifts He gives,
Whatever the gift, it lonks lives.
Than that brief moment when we take it,
And fondly keep, or rudely break it.

For first He gives us gifts in dreams,
Aye, long before our hands may hold,
We have the promise, see the gleams
Of gifts of love or gifts of gold:
We dream of morning in the night,
And unborn babes our hearts delight,
We see our house upon the highland
Long, long before we find our island.

And then we have them for a time:
That is the second gift of God:
About our knees the babies climb,
The sunlight warms the air and sod,
The time will come we have the cot,
Whether we have it long or not,
The gold we dreamed of we are given—
These are the second gifts of heaven.

And then these things God gave us twice,
Gave us in dreams and gave in truth,
Aye, though these things we sacrifice,
God gives again—our gold, or youth,
Or house, or babe, or bit of sun,
Gives us until life's day is done,
To always have and always love them,
Forever more the memory of them.

FRECKLES AND HIS FRIENDS

PROFESSOR LILICK, ONE OF THE COUNTRY'S FOREMOST SCIENTISTS, HAS CALLED ON THE COCKS....

SO YOU WANT MY AUTOGRAPH, DO YOU? WHY... YOUNG MAN, AFTER SEEING YOUR HISTO- DETECTOR PERFORM, I'LL PROBABLY WANT YOUR AUTOGRAPH!!

YOU MEAN....

I HEARD ABOUT YOUR INVENTION WHILE I WAS IN PRINGLE... AND I CAME TO LOOK AT IT... WOULD YOU SHOW IT TO ME?

BOY... WOULD I!!

THIS IS YOUR BIG CHANCE, NUTTY!!

NUTTY? IS THAT YOUR NAME?

NO, SIR... MY REAL NAME IS SYLVESTER, BUT BECAUSE IM ALWAYS INVENTING THINGS, THE FELLAS JUST CALL ME NUTTY.... I LIKE NUTTY BEST, THOUGH!

SO DO I! MY NAME IS BOOTHBY... BUT THE FELLAS CHANGED THAT, TOO... SO IF YOU'LL LET ME CALL YOU NUTTY, I'LL ANSWER TO BUSTER... HOW'S THAT?

OKAY BUSTER! IT'S A BARCAIN!!

BOOTS AND HER BUDDIES

OOOOOOH!!!!

BUT IT'S TH' RIGHT WAY TO TAKE A SPILL... WATCH ME

WASH TUBBS

WOT I WURTA KNOW GAIL, IS HOW YOU DID ALL THOSE SPOOKY TRICKS.

EASY WASH, THE HOUSE IS FULL OF SECRET PASSAGES, PEEP-HOLES AND THE LIKE, THE OWNER'S GORI OF A NUT, A PRACTICAL JOKER.

ALL I HAD TO DO WAS PUSH A BUTTON, OR YELL INTO A LOUDSPEAKER DEVICE AND—PRESTO! THERE WERE "SPOOKS."

YEH, BUT HOW ABOUT TH' CAT TURNIN' INTO A CANARY?

EASY AS PIE, ONE CAGE HELD A CAT—ONE A CANARY. I MERELY EXCHANGED 'EM WHILE YOU WEREN'T LOOKING. I EXCHANGED THE MONEY IN THE SAFE, TOO, AND THE HIPPO, WE RENTED FROM A CIRCUS.

AN' HOW ABOUT TH' BCOZ LAVIN' IN A POOLA BLOOD?

WHY, WHEN YOU RAN UPSTAIRS TO INVESTIGATE A SCREAM, HE MERELY WIPED THE CATSUP OFF THE FLOOR AND TODDLED OFF TO BED. IT'S ALL AS SIMPLE AS A, B, C.

when the cab drew up, with a screech of brakes, at the brownstone house on a side street. She gave him a sidelong glance in which coquetry and exasperation were oddly mingled. "I've kept you too long already," Tom made the expected gallant denial. As Vera got slowly out of the cab her mouth twisted in a grimace of pain. That settled it. She would have to be helped up the stairs—all the way to her apartment, in fact. Three flights up.

She had made the place charming and comfortable with deep chairs and soft cushions. There were one or two nice prints in black frames and there were rose-colored curtains. Into one of the chintz-covered chairs the girl now lowered her fragrant person, smiling whimsically at the man beside her.

"Thanks awfully. I don't know why you're so good to me," Tom towered over her. "Sure I can't get you anything before I go? Witch hazel from the drug store? Anything?"

"Never mind," Her tone dripped self-pity. "You're anxious to be off. I'll manage. Only..."

"Only what?" Common courtesy alone demanded that he play up to her.

"If I could just have a teeny drink?" Her large eyes interrogated him swiftly. "Everything's in the icebox—all but the apple-jack which you'll see in a green bottle on the kitchen shelf."

He blundered into the small square of kitchen and presently the tinkle of ice could be heard. When he emerged there were two tall frosted glasses on a small tray.

"You do yourself pretty well here," he said, reluctantly admiring.

"Well, I have to," she sighed. "There's nobody to worry about poor little me. Never got you up here before, tommy lamb. It took a sprained ankle to do it."

He glanced at her suspiciously but her expression was so guileless that he cursed himself for a churlish fool.

"Well, do sit down and have your drink, anyhow," she cooed. "Cigaret?" She pushed a share-reen box toward him and Tom stretched his long legs, relaxing in a deep chair. For the first time he realized how tired he was. He was fagged out. The long day, the heat, and the extra trip had sapped his usually tremendous energy. He had been annoyed with Vera for barging into him on the trip home from Tarrytown but you couldn't stay mad at her for long, he told himself. She was so friendly and appealing and feminine. And it was comfortable here. A breeze stirred the curtains and the long amber drink was very soothing.

They talked. Although the incident in the taxi was not again referred to, it hung, palpable as air, between them. Tom had a startled memory of fresh, warm, eager lips on his own. The girl's curved smile, the intonations of her voice, indicated she had not forgotten. The air was electric.

At last he glanced at his watch. "Good Lord, I had no idea..."

20 Years Ago

The golden jubilees of the order of Knights of Pythias was celebrated by members of the order yesterday in Escanaba and throughout the United States. Over 200 members of Escanaba lodge participated in the ceremonies marking the achievement of the half century mark in the history of the organization.

Atty. F. D. Mead, one of the leading attorneys of Escanaba and the upper peninsula, is critically ill at his home on Michigan avenue.

Charged with eloping to this city from Ludington, Mich., with Mrs. John Hunt and her three children, George Delaureir, of Ludington, was arrested by Sheriff T. J. Curran last night at 117 North Elmore street, where the couple were living as man and wife.

Department heads of Grinnell Brothers music store participated in the company's annual banquet at the Delta hotel last night. Those in attendance at last night's function were: J. L. Gilbert and William Riley, sales department; William Fitzsimmons, victrola department; H. C. Hudson, collections; A. J. LeDuc, piano tuning; Martin Larson, shipping and repairing; Alida Dupont, victrola records; Mary Torney, bookkeeping and L. C. Schrader, manager.

John J. Cleary and William Finnegan left last night for Chicago to attend the funeral of Mrs. John Power.

A new Empire automobile, the first of its make to be shown here, was placed on display yesterday by Marc Pepin at his garage. The machine is modern in every way, being equipped with electric lights and starter.

Escanaba is suffering from an epidemic of the mumps and many homes are being quarantined. At the plant of the Escanaba Manufacturing Company yesterday it was reported that 18 employees of that company are confined to their homes with the disease.

W. J. Hatton, superintendent for the Northern Michigan Water Company here, has gone to Milwaukee to inspect a new pump that has been purchased for installation at the local plant.

I like to knock over policemen.
—Queen Mary of England.

It is trouble enough to make money without having to count it afterwards.
—George Bernard Shaw.

DELTA COUNTY IN MOSAIC MAP

All But Two Townships Completed; Airplane Photographs

Airplane mosaic photographs of every township of six Michigan counties have been completed by the Geological Survey Division of the Department of Conservation and are now available for distribution. In addition, mosaics for parts of eight additional counties have been finished.

The six counties for which mosaics are available for every township are: Cheboygan, Lake, Mackinac, Muskegon, Mason and Benoni.

In Chippewa county a mosaic has been assembled of only one township, that which includes the Munuscong State Park. All but two townships have been completed in Delta county. These are T 43 N. R 18 W and T 43 N. R 19 W. Six township mosaics are available in the northeast corner of Dickinson county, 26 for Marquette county; four for Otsego county, two for Presque Isle county and one for Wexford county. All but three townships are completed in Benoni county. T 44 N. R 17 W; T 44 N. R 18 W and T 45 N. R 17 W in Schoolcraft county.

Copies of township mosaic airplane photographs are available for the cost of printing, \$2.50 through the Geological Survey office of the Department of Conservation at Lansing. They are printed on the scale of two inches to the mile.

Nature's Color Protects Eggs.
Widely scattered over the prairie is found the desert horned lark. They have pinkish-brown backs blending perfectly with their surroundings. Their cunningly-concealed little nests contain three or four brownish eggs equally well protected by their blended colors.

Dead Doctor Heals Stomach Ailments

A weird story is told of a well-known specialist reaching from the grave to curb stomach suffering. Years ago this doctor created a prescription for stomach ulcers, acid stomach, gas pains, heartburn, indigestion, bloating, belching, and other symptoms when caused by excess acid. Then the good doctor died. But his name brought fame after death as one user told another of his wonderful prescription. In the past six years, 54,169 grateful persons have written letters telling of their recoveries. This prescription is now known to hundreds of thousands as the Unga Treatment. All stomach sufferers may have a free sample by writing to Unga, Suite B, Foot-Schulze Bldg., St. Paul, Minn. The seven-day trial box of Unga Tablets is sold under a money-back guarantee of satisfaction by The People's Drug Store and other good druggists.

McMILLAN NEWS

Community Aid Party. McMILLAN, Mich. (Special).—The Valentine party sponsored by the members of the Community Aid and held Tuesday evening in the township hall proved a social and financial success. Various games were enjoyed during the evening with prizes being awarded. Mrs. Edward Vining, Miss Olive Mark and Mrs. Jay Tanner, Lunch was served at the close of games by the committee in charge.

School Party. Students of the primary and intermediate grades of the Lincoln school enjoyed their annual St. Valentine party in the school building Wednesday afternoon under the direction of teachers Miss Bessie Risky and Miss Ida Quinlan. Games were played and lunch was served.

Evening Party. Mrs. N. K. Zeigler entertained the members of the five hundred club at her home Thursday evening. The spirit of St. Valentine predominated in the table decorations and in the dainty luncheon which was served by the guests. The hostess assisted by Mrs. T. L. Collins, Miss Ida Quinlan, Mrs. Edward Stone and Mrs. Emerson Smith. High honors in five hundred was won by Mrs. Blanche Lyons, second high by Mrs. Harry Smathers and low by Mrs. Thomas Collins.

Personal News. Mr. Ray Stampfer who has been quite ill at the family home has left for St. Ignace where he will receive medical attention.

Dr. C. C. Vardon returned to his home in Detroit Wednesday following a short visit here with his parents Mr. and Mrs. C. C. Vardon.

Mr. and Mrs. T. L. Collins and sons accompanied by Mr. Paul Gregg left Friday for Negaunee where they will be the guests of relatives over the week-end.

According to word received here this week by Mr. Louis Heath, Mrs. Heath, who has been a patient in the University hospital at Ann Arbor the past several months has recovered sufficiently as to be able to leave the hospital and at present is visiting at the home of her daughter in Detroit.

Mrs. Emerson Smith, Mrs. Edward Stone and Mrs. N. K. Zeigler spent Friday visiting and shopping in the Sault Ste. Marie.

Mrs. Mary Chamberlain, county school commissioner, accompanied by Miss Bertha Swanson, county nurse of Newberry, were business visitors at the local school Wednesday afternoon.

Mr. and Mrs. George Roat of Laketield called on friends in

town Wednesday.

The condition of Mrs. Albert Reese who has been confined to her home by illness the past week is reported as recovering.

Mrs. Thomas Morrison passed away Friday morning at the home of her daughter Mrs. Clara Marsh. Mrs. Morrison has been in poor health the past several years and her death while not unexpected, will be mourned by a large circle of friends.

Mr. and Mrs. Abednego Morrison and children, Marvin and Vera, arrived here Friday from Tullahoma, Mich., being summoned here by the death of the former's mother Mrs. Thomas Morrison.

Mr. Perry C. Mark has announced his candidacy for the office of supervisor on the republican ticket in opposition to H. A. Heidebrecht. Jesse Hanger has also announced his candidacy for highway commissioner against Junior Painter.

Mr. Louis N. Hartwick of Marquette visited in town Friday with relatives Mr. and Mrs. H. J. Skinner and family while enroute to St. Ignace.

School Notes.

Students of the 6th, 7th and 8th grades of the Lincoln school are taking mid-term examinations this week. The Department of Public Instruction has changed the procedure in examinations for rural schools this year. In place of just the final examination given by the county school commissioner there will be a mid-term and also a final, but both given by the county teacher. The final will be mailed to the teacher to arrive in a sealed container on the day of each examination. These tests when completed will be kept on file in the commissioner's office for the county board of school commissioners. The results of the mid-term and final tests will determine a pupils possibility of promotion next June.

The Lincoln school is late in taking these tests because of the tardy opening of school on Oct. 16, by the means of the mid-year term tests are all being determined on a basis of 100 per cent.

Master Leonard Ward of Newberry has entered school classes here in Miss Ida Quinlan's room.

The fourth grade pupils of Miss Bessie Risky's room had a contest in making Holland booklets in connection with their geography recently. Prizes were won by William House and Harry Wayne Smathers and Raymond Peterson.

Conservation Club To Meet Thursday; Will Show Movies

Interesting movies will be shown at the next regular meeting of the Wolverine Conservation association, which will be held at the city hall at 8 o'clock Thursday evening.

The pictures are entitled "The Red Poacher," dealing with the forest fire menace, and "Logging and Lumbering," showing scenes of various woods operations in Michigan.

A proposal to ask the state conservation department to restore the walleyed pike hatchery at Days river will be discussed. It is claimed that the Days river water is more suitable for pike.

Plans for the annual banquet, which will be held early in March,

also will be considered. A large attendance is desired.

Plans for the annual banquet, which will be held early in March,

also will be considered. A large attendance is desired.

Many Various Subjects Taught in CCC Camps

Ten thousand civilian conservation corps students, enrolled in 100 classes in the eighty-one national forest camps of the North Central region, are studying nearly everything from logging to ethics and arithmetic to astronomy," said Regional Forester E. W. Tinker.

From the mild climate of the Missouri Ozarks to the frozen lake land of Minnesota and Wisconsin; from the "Little Egypt" of Illinois to the snow banked camps of Michigan, the young conservationists are working in the woods in day time and improving their minds at night. The "Three Rs" are not neglected and many are "brushing up" on some of the elementary subjects they left in the grades to go out and try to find work in the factories to bring food into their homes.

Spelling Bees Held. Subjects like "dendrology" sound formidable, until some young forester explains that it just means "how to tell the trees apart." "Spelling bees" are being revived, but "psychology" is also in the curriculum. "Entomology is just bugs," said one enrollee—another had not "signed up" for forest pathology, but thought it sounded like a sick tree—said there were a lot of them.

Nearly 6,000 of the boys are taking one of the courses sent out by the office," said Mr. Tinker, "and in doing so they are almost attending one of the Lake States universities. These slides portray the history of Wisconsin from its discovery by Nicolet down to the building of the present state capitol and preface it with some earlier American history.

"Those in the know claim that the boys are cared for mightily well," concluded Tinker. "Sure they have to work, even when it is cold, but so do we all, and isn't it work that most people are looking for now?"

Faulty Licenses Earn Jail Term
Richard Haef, 21, of Ford River, is doing five days at the Delta county jail as a result of his conviction on a charge of driving an automobile equipped with improper license plates. He was arrested by the sheriff's department and sentenced by Justice of the Peace George W. Carr.

Haef's car was involved in a collision near Rock Feb. 12, in which Frank Peltonen of Rock was seriously hurt. The latter is in St. Francis hospital with a bad chest injury.

St. Francis Hospital
Miss Anna Newhaus, Milwaukee, is suffering from a severe cold.

Anita, four year old daughter of Mr. and Mrs. Edward Carlson of Pine Ridge was admitted, suffering from pneumonia.

Mrs. Ed Pilon of Schaffer was admitted.

Mrs. Frank Barron of Flat Rock is a surgical patient. Thatcher Leighton was dismissed Saturday evening.

Elks Bridge Battle Continues Tonight; Pairings Announced

Both sections of the Escanaba Elks bridge tournament, the contract and auction players, will get into action tonight at the Elks temple. The pairings for play are as follows:

Contract section.—Andrews-Norens vs. Buckbee Sr.-Mashek; Lindsay-Shaw vs. H. Needham-Raiche; Clark-Rushton vs. Cox-Buckbee Jr.; Walsch-Shepeck vs. Peterson-Lee.

Auction section.—Warming-ton-Stegath vs. Bourke-Lang; Jacobs-Hughitt vs. Brackett-Turner; Strom-Brotherton vs. Hammar-Peterson; Moll-Wickman vs. Burns-Clarke; Gessner-Perrin vs. Groesbeck-Banks; Fontaine-Nolden vs. Bartella-Perring.

Auction winners in the previous session were: first—Burns and Clarke, 4,008; second—Warming-ton-Stegath, 3,199; third—Jacobs-Hughitt, 2,491.

Frank Cnepla, 78, Dies In Perronville

Following an illness of about three weeks with heart trouble, Frank Cnepla, 78, died at 6 a. m. Monday at the family home at Perronville. Mr. Cnepla was born in Bohemia Jan. 7, 1856. On coming to America he settled first at Algoma, Wis., and 20 years ago came to Perronville. He was a member of the C. C. B. J., National Bohemian Society.

The survivors are the widow, Mrs. Inezburg Cnepla, six daughters and five sons: Mrs. Dorothy Kontsky, Algoma; Mrs. Anna Kindle and Mrs. Fannie Kulda, Orleans, S. D.; Mrs. Emma Klotz, Chicago; Mrs. Lillian Oesner, Detroit; Mrs. Rudolph Vetrovic, Perronville; one step-daughter, Myra Kinstetter, Chicago; Frank, Albert and Charles Cnepla, Algoma; John of Kawawnee and Russell of Perronville.

The body was brought to the Boyle undertaking parlors at Bark River and will be taken to Algoma today. Funeral services will be held there Wednesday, with burial in the family lot at the Algoma cemetery.

HALF LICENSES ON SALE FRIDAY

Green and Black Wind- shield Stickers Will Be Used

Half-payment of automobile license fees for 1934 will be accepted at the state branch license office in the Wolverine Garage building, Ludington street, next Friday and thereafter, it was announced by George Harvey, manager.

The motorist who pays half his fee will receive a windshield sticker printed in black on a green background and adorned with a red state seal. Used in conjunction with his 1933 plates, this sticker will give his automobile freedom of the highways until Aug. 1, when the second half of the weight tax will be due. If the car were not registered in 1933, plates of that year will be issued with the sticker, and there will be no extra charge.

Under statutory authority, Fitzgerald some weeks ago extended the period for legal use of 1933 plates—without sticker—to March 1.

"There will be no further extension," he said today, "because I am without authority to grant an extension beyond March 1. Unless the legislature should take some action in the meantime, no car can be operated after the end of this month unless at least half of the 1934 license fee has been paid."

A bill reducing the license fee for private passenger automobiles from 55 cents a hundred pounds to 35 cents is being prepared by the legislative council for introduction during the special session of the legislature.

ITCHING IRRITATION Even in persistent cases where parts are sore and tender—comfort follows the soothing touch of

Resinol

Unopened Restaurant Not Eligible To Get State Liquor License

Ishpeming—The question as to whether city governing bodies may approve applications for Class C restaurant licenses to sell spirituous liquor before the restaurants are actually in operation has been settled to the satisfaction of Ishpeming city officials following receipt of a letter from William G. Lewis, secretary of the state liquor control commission, who points out that only owners of established restaurants may apply for permits.

The liquor commission's attitude on the question was sought after James Nardi and Louis Bonetti filed applications with the city recorder here for Class C restaurant permits. Neither has a restaurant in operation at present, but Nardi intended changing his beer garden, at 122 Cleveland avenue, into an actual eating place and Bonetti planned to open a restaurant in the Dobbs building, corner of Pearl and First streets.

Interpretation of the liquor commission's ruling is that Nardi and Bonetti must provide kitchen facilities in these places and start serving food before their applications will be given consideration.

Colds go in a day!

When you have a cold do what most of your neighbors do and get rid of it in a day. A couple of HILL'S COLD TABLETS and a couple of glasses of water now and then get right at the seat of the trouble and bring relief amazingly QUICK.

You get rid of colds so much FASTER THIS WAY because HILL'S tablets do the three things necessary to break them. Clean poison from system. Check fever and ease away ache and pain. Fight off cold germs that infect you. ALL AT ONCE. And your cold goes in a day.

Now don't gamble with a cold. Too serious. Get rid of it this PROVEN, FASTER WAY. Results will surprise you. Ask any druggist for HILL'S CASCARA QUININE tablets in the RED TIN BOX.

HILL'S CASCARA QUININE

Is This Your Problem?

You need more life insurance
You cannot afford sufficient
at usual rates

WE HAVE THE ANSWER

A policy guaranteeing \$5000 to the beneficiary at the death of the insured.

The premium from the sixth year on is unchanging for the rest of life (\$112 annually, for \$5000, age 30).

But the premium for the first five years is ONLY ONE-HALF that figure (\$56 annually for first five years).

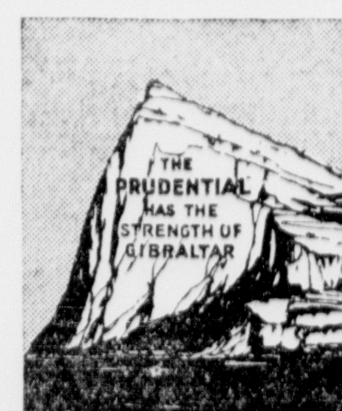

WE DEvised THIS POLICY IN 1924. INSTANTLY POPULAR AND ESPECIALLY IN DEMAND DURING THESE DAYS.

It is the ideal policy for all who have faith that they will be in improved circumstances five years from now, and who want ample insurance in the meantime.

ARE YOU A BACK-FIRE COWARD?

It isn't cowardice — it's jangled nerves

No one likes a sudden, unexpected noise. But if you jump or even wince uncontrollably at such a time—check up on yourself.

It isn't cowardice. It isn't timidity. (You'll find many ex-service men doing the same thing.) It's jangled nerves.

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand of cigarettes!

CAMELS—

SMOKE AS MANY AS YOU WANT... THEY NEVER GET ON YOUR NERVES!

How are YOUR nerves?

TRY THIS TEST

START →

Take a pencil in your right hand, hold it about two inches above the point. At the space marked "start," begin to draw a continuous line backward and forward (touching the little markers on either side). Stay within the side margins—your lines must not waver. Be sure neither hand nor arm touches the paper. Average time is 7 seconds.

Bill Cook (Camel smoker), famous hockey star, completed the test in 4 seconds.

Personal News

Mr. and Mrs. Miller and children and Mr. and Mrs. William Barker and family of Manistique spent the week end here at the Nelson home and at the home of Mrs. Nick Bodette.

Frank Shepeck, who is seriously ill suffering from pneumonia, was reported Monday to be slightly improved in condition.

Mrs. Fred Derouche, 416 South Ninth street, who has been very ill, is greatly improved in condition. Mrs. Derouche recently returned to her home from St. Francis hospital.

Miss Priscilla Densmore has returned to Marquette after attending the funeral services Saturday for Billy Leiper.

Antone Rockstad, 917 Washington avenue, has left for Washburn, Wis., to resume his position at the Chevrolet factory there.

Mr. and Mrs. Joseph Blake and son, Curtis, have returned to their home in Rhinelander, Wis., after attending the funeral of Frank J. McGovern.

Allen Hugo, 19-month-old son of Rev. and Mrs. John Hugo, is seriously ill at the parents' home from the effects of the flu.

Mr. and Mrs. Herman Bellmore and daughters, Iva and Lorraine, of Iron Mountain spent the week end at the home of Mr. and Mrs. Ernest Rudolph. Mrs. Bellmore is a sister of Mr. Rudolph.

Mrs. Harriet Russell of Minneapolis, aunt of Mrs. William Leiper, left Saturday night for her home, after attending the funeral services for Billy Leiper, held Saturday afternoon.

Dorothy, daughter of Mr. and Mrs. Owen Boyle, has returned from Ann Arbor, where she has been receiving treatment at the University hospital. Her condition is greatly improved.

Mr. and Mrs. M. Connelly, Mrs. Mayme O'Brien of Chicago and Mrs. John Smith of Milwaukee, who came here to attend the funeral of Frank J. McGovern, left Monday for their homes.

Mrs. R. E. McCarthy and Charles Smith of Sault Ste. Marie, Mich., spent the week end here as guests at the home of Mr. and Mrs. J. J. Boudreau, 214 North Thirteenth street.

When Cortez landed in Mexico, in 1519, with 16 chargers, it marked the first appearance of horses on the American continent since the Ice Age.

Soft Lines Add
Slenderness To
Matron's Frock

BY MARIAN MARTIN

PATTERN 9668

Soft lines, planned carefully to give slenderness of appearance, that is an achievement in the designing of dresses for the heavier woman. And here is the pattern that does the clever trick. It can be made up in one of the fresh new prints, preferably with a small-figured design in it. Or it can be made of plain silk in any of the new spring shades. The fabric finish at the neckline is particularly good, covering a full bust and lending interest to the dress in an unobtrusive way.

Pattern 9668 may be ordered only in sizes 36, 38, 40, 42, 44, 46, 48 and 50. Size 36 requires 4-5-8 yards 29 inch fabric.

Send FIFTEEN CENTS in coins or stamps (coins preferred) for EACH MARIAN MARTIN pattern. Be sure to write plainly your NAME, ADDRESS, the STYLE NUMBER and SIZE of each pattern.

ORDER YOUR COPY OF THE NEW MARIAN MARTIN SPRING PATTERN BOOK—a practical Spring sewing guide, offering stunning models for all occasions for grown-up, junior and youngsters, and for the woman who needs slenderness lines. PRICE OF NEW BOOK, FIFTEEN CENTS. BOOK AND PATTERN TOGETHER, TWENTY-FIVE CENTS.

Send your order to Escanaba Daily Press Pattern Department, 224 W. 18th St., New York 21, N. Y.

Program At St.
Anne's Meeting
Thursday Night

St. Anne's Parent-Teacher association will combine its observance of Founder's Day and its celebration of Washington's anniversary, at an evening meeting which will be held Thursday evening at 8 o'clock in the parish hall.

The program will include a special Founder's Day observance, a patriotic program by the seventh graders under the direction of Sister Mary Therese, and musical numbers by St. Anne's senior orchestra.

An invitation is extended to all members of the Parent-Teacher association and their friends, and to others interested in Parent-Teacher work to attend.

GRAND MARAIS

Woman's Club Meets

Grand Marais, Feb. 19 (Special)—The Grand Marais Woman's club held their regular meeting in the Masonic hall Thursday evening. After the business meeting the following program on famous women was given.

Life of Mrs. Herbert Hoover—Helen Wyman.
Life of Grace Coolidge—Helen Niemel.

Life of Jane Adams—Mrs. Alec Niemel, Jr.

Women who influenced 1933 affairs—Mrs. H. T. Richards.

Little Miss Gloria Spencer sang a delightful soprano solo, entitled "Who Taught."

Gavotte was played by Ethel and Veron Newberg, pianist and violinist.

Mrs. Richards and her committee will give several book reviews at the next meeting which will be held March 1.

Books Arrive

51 books have arrived from the Michigan State Library and may be borrowed at the Woman's club library which will be open Friday from 2 until 5 p. m.

Entertainers at Bridge

Mrs. Ora Edruss entertained a group of friends at her home Wednesday night. Mrs. F. Pettiphan had high honors in Bridge.

B. N. A. Members Meet

Members of the Royal Neighbors Association met with Mrs. Barney at her home Wednesday night. Bridge was played. Mrs. M. Thomas had high score and Mrs. P. Masse won the guest prize.

Card Party

Mrs. Hector Barney gave a party to play card party for the benefit of the Altar Society Fund Thursday afternoon. Mrs. H. T. Richards had high score in Bridge.

Mrs. Forrest Pratt is seriously ill at her home here.
Dr. C. P. Powers has returned from Lansing.

Isinglass is made from the air-bladder of the sturgeon.

Social - Club

Circle Exhibit Today

The home-made rug and Afghan exhibit sponsored by Mary Thatcher Circle of the First Presbyterian church, will open this afternoon at 2:30 o'clock in the social hall of the church and will continue through the afternoon and evening.

A tea is being served in connection with the exhibit.

Mrs. F. W. Andrew is general chairman of the affair and Mrs. Frank Schumacher is chairman of the tea. Judges of the exhibit are Mrs. F. F. Davis, Mrs. Mathias Peterson and Mrs. C. M. Cuthbert.

The public is cordially invited to attend. A small admission fee is being charged.

Eastern Star Chapter

R. C. Hatheway Chapter, Number 49, Order of the Eastern Star, will meet this evening at 7:30 o'clock in the Masonic Temple. Attendance of all members is urged.

Auxiliary Meets Today

The G. I. A. to the B. of L. E. will meet this afternoon at 2:30 o'clock at Grenier's hall. A social hour will follow the business meeting. All members are requested to be present.

Young Ladies' Sodality

An entertaining program has been arranged for the meeting of the Young Ladies' Sodality of St. Patrick's church will be held this evening in the parish hall, beginning at 8 o'clock.

John Pilon will play guitar selections. Alfred Arnsen will sing, and there will be dances by Stella Vinette and Betty Hagen. Another feature of the program will be piano selections by Dorothy Gerard.

All members of the Sodality are invited and are urged to attend.

Birthday Surprise

Mrs. Laura Novack, 212 First avenue south, was the guest of honor at a surprise party arranged in celebration of her birthday anniversary and held Saturday evening at her home.

Bridge and five hundred were played, the guests forming seven tables, and a delicious lunch was served. Mrs. Novack was presented with a beautiful gift.

Awards for high scores were presented to Mrs. A. J. Berry, first; Mrs. William Ellis, second; Mrs. John Graham, third; Joseph Martineau, first; Oliver Groleau, second; and Charles Magnuson, third, and a guest prize was awarded Mrs. Henry Nerbon.

B. A. of R. E. Tonight

The B. A. of R. E. will hold a regular meeting this evening at the Eagles' hall. A program of games and contests will follow the business session.

Camp Fire Girls

Wetomachick Camp Fire Girls will meet this afternoon at 4 o'clock at the First Presbyterian church. The Camp Fire Girls have joined the Boy Scouts in the "Good turn month" drive and each is asked to present a list of articles which she may secure at the meeting.

Oranges Grow Despite Wind

Cape Hatteras, N. C. (P)—Cape Hatteras, known to mariners all over the world as "the graveyard of the Atlantic," seems on the way to becoming North Carolina's only orange grove. Contrary to the cape's reputation for raging winds, a "back yard" tree has just borne 25 dozen large oranges.

The Old Spinning Wheel's Back

Leading the movement to revive the art of spinning are, from left to right: John Cole, W. R. McHargue and Mrs. Mary Maillet.

New York. It took two men in New York of all places to start a revival of the old time spinning wheel—all things!

It's an interesting story behind John Cole and W. R. McHargue, two up-and-coming young men, who are making America spinning-conscious.

Not long ago they were quite wealthy gentlemen with plenty of power and position in advertising agencies. You've already guessed the rest. Accounts fell off and pretty soon the boys found themselves without not only jobs but funds.

Last March Mr. Cole heard about a firm up in Boston that wanted to sell their merchandise. The company's warehouse stored, among other things, about two million pounds of wool.

"I could figure out how to get rid of lots of their stuff but the wool stopped me," Cole said.

So he wrote a postcard to McHargue with about four lines of simple directions and queries. Find out what people do with wool. Are there any spinning wheels in the country? Does spinning mess up the rug? Have you any woolly ideas?

Learning in a Library

McHargue hadn't any ideas right then but he got busy and worked out a few.

Their next step was to locate a spinning wheel. Even after they found it, no one could teach them to use it. So they went to the New York Public Library to learn. "We learned," said Cole, "very, very badly."

Another problem was to find someone to manufacture spinning wheels. They finally discovered just such a person in the form of a young Italian radio cabinet maker whose business wasn't faring any too well. He was only too glad to help them design some sort of a spinning wheel for general use.

They realized that American women wouldn't stand up to spin. So they designed spinning wheels low enough so you can sit down and spin. And very nice they are. Unlike a sewing machine, you do not keep your spinning wheel in an unused room. It should have a place of honor in the living room. There is no piece of furniture with which romance and tradition is more closely associated than with the spinning wheel.

Women who come to their offices with the idea that spinning

is a pretty dead, pastime soon change their minds. There is something fascinating about spinning.

Department stores in the leading cities have placed orders for the little spinning wheels.

The Handicraft Department of the New York State Board for Adult Education is making tests and plans to develop patterns and designs so that women in cities, as well as in rural districts, can spin their yarns and actually sell their products. Right now, there is an enormous demand for home-made sweaters made from home spun wool.

The next problems which confront these young manufacturers of spinning wheels is to see that women are actually taught to spin in their own homes.

That's why they had Mrs. Mary Maillet come down from Boston. When they advertised in a Boston paper for an old lady who could spin, they received 50 replies. Then they wrote for photographs of the applicants.

Mrs. Maillet was the only one who had enterprise enough to have herself photographed with a spinning wheel, so we chose her.

Showing the New Yorkers

She is a charming lady of 68. Looks about 50 and is not at all like what you might expect in a woman who has spent the greater part of her life spinning and knitting. She was thrilled to death at the idea of coming to New York to give under the sponsorship of the Homecraft League the first spinning demonstration held in the city since Colonial times.

Messrs. Cole and McHargue are not without a sense of humor.

"We couldn't decide which one of our names to use first in the title of the firm," Cole offered. "But it wasn't so hard after all. McHargue had a phone mine had been disconnected a month before—so I knew he boasted a prestige which I didn't have. We used his name first."

Before we know it they say

Mothers!

In treating children's colds, don't take chances. Use VICKS VapoRUB

PROVED BY 2 GENERATIONS

Today's Recipe

Bread Pudding

2½ slices buttered bread.
1-8 cup syrup.
1-8 cup sugar.
2 eggs.
1 teaspoon vanilla.
Raisins if desired.
1 pint milk.
Mix the custard of milk, eggs, syrup, sugar and vanilla together, pour over bread, add raisins and bake for ½ hour. Serve hot or cold with chocolate sauce.

Regal Chocolate Cake

2 cups dark brown sugar
2-3 cup fat
2 eggs
1 cup sour milk
2½ squares chocolate
1 teaspoon vanilla
2½ cups flour
1 teaspoon cinnamon
1-8 teaspoon salt
1 teaspoon soda
Cream 1 cup sugar with fat. Mix other cup sugar with milk and chocolate and cook slowly, stirring constantly, until thick, creamy mixture forms. Cool. Add to creamed mixture. Add remaining ingredients and beat 3 minutes. Pour into 2 layer cake pans which have been lined with waxed papers. Bake 25 minutes in moderate slow oven. Cool and cover with white or chocolate frosting.

Prune Nut Bread

(Excellent For Sandwiches)
1 cup graham flour
1 cup flour
2-3 cup chopped soaked prunes
1 teaspoon soda
1 teaspoon baking powder
1-8 teaspoon salt
½ cup sugar
2 tablespoons molasses
1 egg
1 cup sour milk
1 tablespoon fat, melted
½ cup nuts

Mix ingredients and pour into greased loaf pan. Let stand 15 minutes. Bake 1 hour in moderately slow oven. This bread can be steamed by half filling a mold, covering tightly and steaming 3 hours.

Russia has "sobering institutions" where drunken men found in the streets are taken, bathed, put to bed, and otherwise tended. No punishment is meted out until it is proved that drunkenness is becoming habitual.

No home will be complete without a spinning wheel and we'll all be knitting not only our own garments, but making homespun yarn with which to knit them as well.

It may turn out to be the salvation of unemployed women. Mrs. Franklin D. Roosevelt, herself, approves of knitting. As a matter of fact, Mr. Cole was thinking about that when he wrote the postcard which has begun the movement to revive a lost art.

Now You Must
Be Slim and
Slinky . . .

OR you'll have to pass up the O new tubular frocks, that demand a "stream-line figure" from below the bust to the knees. MisSimplicity will iron out all the bulges by means of its famous cross-back straps that pull diagonally for greater control. (1926 average equals 100)

BY JOHN L. COOLEY

(Associated Press Financial Writer)
New York, Feb. 19 (AP)—After drifting peacefully and quietly, stocks developed into heaviness today and finished with numerous losses of one to two points or so.

The market appeared rather tired as a result of last week's advances. Traders may have been disappointed because business hours brought no announcement from Washington regarding further administration plans for silver, recent gossip having said that new developments might be expected soon. Bar silver rose to 45 1/2 cents, just under its 1930 top, and futures had strong moments, although they subsided later. Other commodities were largely lower, but the bond composite edged into new high ground for the year. Stock sales totaled 2,349,555 shares.

Interest in stocks was specialized most of the day. Large turn-over at higher prices occurred in some of the low priced motors, notably Studebaker, Graham-Paige, Road, Packard and Yellow Truck. Equipments, including the rubber issues, also found favor.

Steels looked best in the morning when Bethlehem and Otis preferred made top prices since 1931. U. S. Steel attained a new 1934 high on this move, but closed a point lower, and the group generally backed up when the market reacted. Studebaker preferred, which trades in ten share lots, soared nearly 15 points, then halved its gain. The common was up one. Metals lagged, finally turning downward. Rails were narrow. Western Maryland found a brisk market, raising a major fraction net, but it was something of an exception.

Rock Spartans Win Over Caslon Bonds

Rock, Mich., Feb. 19. (Special)—A spectacular shot from three quarters the length of the floor by Jokela enabled the Rock Spartans to defeat the Munising Caslon Bonds by a 40-37 score in a thrilling overtime period here Saturday night.

The two teams played throughout the game on very even terms, and at the end of the regulation game the score was tied at 37 all. The extra period was featured by the fast play of Jokela's winning shot was made 39 seconds before the end of the extra period. Just as the period ended, Rabideau was fouled and made the free throw. Rabideau was high scorer of the evening with 15 points while Dornbecker of the Bonds scored 14 for his team.

The summary:

Caslon Bonds			
	FG	FT	PF
Seglund, f	0	1	1
Beattie, f	3	0	0
Malone, f	1	0	2
Dornbecker, c	7	0	1
Blizel, g	1	0	0

Gordon Larson, f	0	3	0
Johnson, c	0	0	0
Gilbert Larson, g	1	0	2
Jokela, g	4	0	0
T. Trombley, g	1	0	1
Rabideau, g	6	3	0
Totals	17	6	3

The score by period:
Bonds — 11 5 13 8 0-37
Spartans — 13 6 11 7 3-40
Referee—Larson, Rock.

Purdue's Trickery Puzzles Minnesota

Minneapolis, Feb. 19. (AP)—Purdue's speed and trickery dumb-founded Minnesota tonight and astonished a record crowd of 13,600 spectators as well as the Boilermakers swept to a 47 to 30 victory, their seventh in eight Big Ten games.

Superbly adept at getting free under the basket, the Boilermakers built up a 24 to 12 lead at half time which they protected without any danger of being overhauled by a desperate Gopher rally. Out of the nine Purdue field goals in the first half, eight were sunk from directly beneath the hoop.

While the Boilermaker assault was divided on a scoring basis between Cotton, Eddy, Fehring and Lowery, it was the expert passing of the latter two which made the Gophers look slow. The two collaborated during the first half and fed Cotton, who was the game's high scorer with 11 points.

Last Minute Shot Gives Iowa Victory

Iowa City, Ia., Feb. 19. (AP)—An under-the-basket shot by Ivan Blackmer in the last minute of play and remarkable accuracy at the foul line throughout the game gave the Iowa basketball team a 29 to 26 victory over Indiana tonight, evening the count between the two Western conference rivals.

A Hoosier rally in the last five minutes threatened to keep the Hawkeyes in the conference second division, but two free throws by Barko combined with Blackmer's "sleeper" shot saved the game.

The visitors made their strongest bid after the Iowans had run the count to 20-14. Led by Walker and Stout, Indiana then pulled ahead, 26 to 24. Barko's two free throws evened the score, and another free throw and Blackmer's easy shot decided the issue.

Quito, the capital of Ecuador, is less than 20 miles south of the equator and is the largest city near the equator.

Timmer Tops Dutch Netters

Amsterdam, (AP)—The Dutch lawn tennis ranking list posts Hans Timmer as number one, followed by W. Karsen, O. Koopman, G. Scheurleer, G. Leenbruggen and T. Hughan. Mlle. Rolin Conquerque again tops the women's list, with Mlle. Dros-Canters second and Mlle. E. Belzer and Mlle. Lindok bracketed third place.

The local school teachers attended the Menominee County Teachers' convention at the Menominee high school auditorium on Wednesday.

The Dutch prince consort, Henry of Neckenburg-Schwerin, will be in attendance, as will Prince Carl, Duke of Vastergotland, father of Princess Astrid.

Queen Elizabeth and other members of the royal family planned to remain at Laeken castle, keeping from the public, at least until the day of the funeral.

Princess Marie-Jose, daughter of the late King Albert, was at Rome with her husband, Prince Humbert. The princess was not expected to attend the funeral.

The reason, it was explained in court circles, was that she is expecting the birth of a child within a few months.

LITTLE GIANTS TO PLAY EBEN

Rock Cagers Will Seek Seventh Victory Wednesday

Rock, Mich.—The Rock high school cagers start their final week of the season before the tournament by traveling to Eben Wednesday evening. The reserve team will also make the trip.

The Little Giants will be seeking their seventh victory of the season and fourth in a row. They have already conquered Escanaba, Newberry, Gwinn, Stephenson and Eben while losing to Gladstone and Gwinn. They should have no real trouble winning again over Eben and the game should be more of a finishing touch for the game at Manistique on Friday evening. Earlier in the season Eben was defeated here by a 52-7 score.

The locals' victory over Stephenson last Friday was none too impressive but they were playing without the guidance of Coach Weingartner, who was called to Lansing. They did show a good improvement in defense over previous games. Stephenson's best efforts for the first three quarters were only good for one basket a period. The visitors scored 11 points in the last quarter after substitutes dotted the Rock lineup.

Notre Dame Chief Replies To Critics

South Bend, Ind., Feb. 19. (AP)—The Rev. John F. O'Hara, acting president of the University of Notre Dame, and Elmer Layden, new athletic director and football coach, today made reply to the charge of football commercialism made in the Carnegie Foundation's annual report.

Father O'Hara declared that the university is ready to drop football "without a moment's hesitation" if it ever finds the game inimical to the school's intellectual interests.

Layden said his athletes would play a high scholastic standing to play the kind of football he will demand.

Dr. Henry S. Pritchett, president emeritus of the Carnegie Foundation for the advancement of teaching, was author of the report which criticized both Notre Dame and Southern California as exploiters of their football teams "for commercial purposes."

Basketball Scores

Iowa 29; Indiana 26.
Purdue 47; Minnesota 30.
Northwestern 32; Illinois 25.
Ohio State 32; Chicago 29.
Wisconsin 32; Michigan 26.

WILSON NEWS

Wilson.—Mr. and Mrs. George Hansen are the proud parents of a baby boy born Tuesday evening. This is the second child of the family, the other one being a girl. The Daggett Tigers played a basketball game at the Wilson hall Friday evening, being defeated by the Harris five by a score of 52-15.

Joseph Kleckamp, 14 year old son of Sheddore Kleckamp, entered Pinecrest Sanatorium at Powers for treatment.

William Harvey of Escanaba spent Sunday afternoon at the home of Mrs. Charlotte Nelson.

Mr. and Mrs. Peter Lavigne of Wilson visited at the Ernest Lavigne home at Powers Thursday.

The Lutheran Ladies' Aid will meet at the home of Mrs. Chas. Behrend next Thursday afternoon, Feb. 22.

The local school teachers attended the Menominee County Teachers' convention at the Menominee high school auditorium on Wednesday.

Timmer Tops Dutch Netters

Amsterdam, (AP)—The Dutch lawn tennis ranking list posts Hans Timmer as number one, followed by W. Karsen, O. Koopman, G. Scheurleer, G. Leenbruggen and T. Hughan. Mlle. Rolin Conquerque again tops the women's list, with Mlle. Dros-Canters second and Mlle. E. Belzer and Mlle. Lindok bracketed third place.

SALESMAN SAM

"Sezz Me" by Ken Gunderman

Upper peninsula boxers who survived the elimination rounds in the Green Bay Golden Gloves tournament will get into action tonight and tomorrow night at Green Bay in an effort to cop the titles in their respective divisions. Among those boys are Joe Anderson, Gladstone, Joe LaFleur, Escanaba, and Johnny Haindl, Cooks.

Only three fighters remain in the 160 pound regular division in which Joe Anderson is the defending champion. Besides Anderson is Luke Ebel of Manitowish and a Green Bay battler. A draw tonight will pit either Ebel or Anderson against the Green Bay boy, the other to advance to the finals.

BADGERS LICK MICHIGAN FIVE

Wolverines Fall Down in Last Period; Lose, 32-26

Ann Arbor, Mich., Feb. 19. (AP)—The University of Wisconsin basketball team came from behind tonight to defeat Michigan 32 to 26.

Through three quarters of the game but finally making a rally, paced by Capt. Rolf Poser, to take the lead. Poser made three long shots to send his team ahead.

Poser and Gil McDonald led the Wisconsin scoring with eight points each. Dick Joslin registered 11 points for Michigan and was instrumental in helping his team to the 13 to 3 lead it enjoyed early in the game. The Wolverines led 16 to 11 at half time but after Poser's sharpshooting never again was able to take a commanding position.

The Badgers made good use of their superior height to secure the ball on all but three jumps during the game, and had it in their possession most of the time.

Bob Knake who started at center for the Badgers found Joslin hard to guard and was replaced by Ed Stege after Joslin connected for three field goals early in the opening period. The Wolverines had the score at 9 to 1 before Nick Demark sank Wisconsin's first field goal after seven minutes play.

Capt. Ted Petoskey got two field goals and Al Plummer one as Michigan piled up a 16 to 11 lead at the half. Johnny Rebecz, fullback of the Michigan football team, played the last five minutes of the period and did some effective line plunging.

BROWN DENIES COLLUSION IN MAIL AWARDS

(Continued from Page One)

non-stop flight from coast to coast."

The episode of the missing post office department files was the subject of several references in the course of the day. Photostatic copies of several communications were produced by Black with the comment that they were only copies but "if we had the original, now."

Protection for Public
Black spent much time questioning the former cabinet member on a regulation requiring that all bidders for airmail contracts involving night flying must have had six months' previous experience in such flying.

The senator contended that this was a restriction on competitive bidding and pointed out that Comptroller General McCall had held that this was so, only to have Brown again promulgate the same regulation. By this device, Black insisted, independent aviation companies were precluded from bidding.

Brown contended that such was not the case, that the regulation was intended only to protect the flying public against accidents that might arise from inexperience.

Brown agreed with Black that the regulation was very similar to one proposed by William P.

WOMEN'S NET TOURNEY OPENS

All But One of Seeded Players Survive Opening Round

New York, Feb. 19. (AP)—The annual women's national indoor tennis championship got underway today at the Seventh Regiment armory with seven of the eight seeded favorites advancing easily and wit home player scoring two victories to gain the quarter-final round.

The seeded players to gain the second round were Mrs. Henry C. Bruns, New York, No. 1; Norma Taubele, New York, No. 2; Jane Sharp, Pasadena, Calif., No. 3; Millicent Hirsch, New York, No. 4; Helen L. Grawn, Grosse Pointe, Mich., No. 5; and Helen Germaine, New York, No. 7; Florence Leboutillier, New York, seeded No. 6, played twice, scoring two straight-set wins and becoming the first quarter-finalist.

The only favorite to go down to defeat was the bottom-seeded player, Gertrude Dwyer, New York, who lost to Mrs. Marie Lafforgue, New York. The score was 4-6, 6-4, 6-3.

All of the seeded players scored wins in straight sets. Perhaps the hardest-pressed was Mrs. Bruns, the top-seeded favorite, who is ranked third in the east and 12th in the nation.

Mrs. Bruns was not at her best in defeating Mrs. Frederick R. Harris, New York, 6-3, 7-5. Miss Grawn, representing the Detroit tennis club, exhibited good form in eliminating Mrs. Newbold Morris, 6-2, 6-1.

Miss Sharp, representing the Los Angeles tennis club, looked impressive in defeating Mrs. S. J. Dicketts, New York, 6-3, 6-1.

Miss Grawn, representing the Detroit tennis club, exhibited good form in eliminating Mrs. Newbold Morris, 6-2, 6-1.

VINES DEFEATS HENRI COCHET

Tilden Beats Plaa and U. S. Forces Show Up French

BY ALAN GOULD

New York, Feb. 19. (AP)—Ellsworth Vines, youthful California sharpshooter, made it two straight for the United States professional tennis forces in the first of a Franco-American series of team matches tonight when he took the measure of his former Davis cup rival, Henri Cochet of France, 6-4, 4-6, 6-3, 6-3.

Big Bill Tilden posted the first victory when he downed Martin Plaa, 6-4, 6-3, 11-9.

Vines and Cochet both played erratic tennis, especially in the second and third sets, but Ellsworth gained the upper hand at such times as he could make his cannonball service effective and combine control with his dazzling speed off the forehand. It was a tennis slugfest match from start to finish, but relatively few rallies and Vines won because he produced the more stunning weapons at critical moments.

The Californian's best moments were when he reeled off the last three games of the first set, two of them at love, and his streak of five successive games to clinch the final set and match. The service of both was so erratic that 17 breaks were scored in the four sets.

Chicago Five Takes Place In Cellar

Columbus, O., Feb. 19. (AP)—The University of Chicago was relegated to last place in the Western conference basketball race by Ohio State tonight. The Buckeyes themselves fighting to keep out of the "cellar" defeated the Maroons 33 to 39.

Rough from start to finish, the game was played before the smallest crowd here this season, 2,267.

Chicago shot only one field goal in the first half and that in the closing minutes. Whittinger, State's star forward, led the team's attack with eleven points. Haarlow, Chicago ace, also accounted for eleven. The Maroon forwards failed to get going until the second period.

BOWLING NOTES

Northwest Fruit defeated Anderson and Bloom two games to one last night, 2538 to 2419. Fair Store won three games from Gambles, 2474 to 2169 and Carlsons defeated Delta Made, two games to one, 2365 to 2296.

REAL ESTATE TAXATION UP FOR REVISION

(Continued from Page One)

your first special session," the governor said.

"Four separate bills will be presented on this public works subject," the governor said. "The first of these is designed to qualify a state program of public works. It authorizes a bond issue in the amount of thirty million dollars as the maximum amount of the state's participation. In the previous special session there was much discussion about this figure. It has seemed to me that in view of the purpose of the president's public works plan, we should attempt to build up the program to the largest maximum amount possible rather than to confine it to absolutely immediately necessary projects. We give away twelve million dollars a year of the state's money and two and a half to three times that amount of the federal government's money in debt and are receiving nothing for it. Is it not better to transfer this expenditure into useful projects? You must remember also that authorizing a thirty million issue does not mean that this amount has to be spent. It will only be spent upon such projects and in such amounts as are authorized by you, the members of the legislature, or by such agencies as you designate. Any balance, large or small, not specifically authorized, will be unused. If the legislature decides to specify projects and their cost in detail, may I suggest that a separate project bill or bills be drafted rather than enumerating the projects selected in the bond authorization bill herewith submitted."

"The second bill is the municipal revenue bond bill. "The third is the municipal utilities revenue bond bill. "The fourth is the amendment of Act 133 of the public acts of 1933 for two purposes: To limit the acceptance of general obligation bonds in payment of taxes to those delinquent on or before March 1, 1933, and to authorize acceptance of Home Owners Loan Corporation bonds in payment of taxes delinquent on or before March 1, 1933."

Suggests Amendments
The governor said that the past year's experience with the state constitution has "proved the difficulty of meeting present day emergencies by legislative methods" and said that "present popular requirements make it advisable to propose a revision of the constitution."

"The actual accomplishment of a general revision even if adopted by the people in November, 1934, cannot be had until 1936," he added.

"We face also the possibility of finding some new source of tax revenue, in case the federal government adopts a general sales tax. I, therefore, again submit for your consideration and action the question of submitting to the voters at the next general fall election, the proposition of amending the uniform rule of taxes contained in Article 10 of the constitution so that personal property may be required to pay its equitable share of the cost of government."

"I again invite your attention to the mandatory provisions of Section 4 of Article 5 of our constitution providing for reappointment of state senators and representatives by the 1933 legis-

JOHN J. MCGRAW SERIOUSLY ILL

Dynamic Baseball Figure Has Even Chance of Recovery

New York, Feb. 19. (AP)—John Joseph McGraw, one of the most dynamic figures of baseball history and for 30 years the fiery manager of the New York Giants, lay seriously ill tonight in a New Rochelle hospital suffering from uremia or kidney poisoning, but with at least an even chance for recovery.

Conflicting reports during the day followed an official bulletin from Drs. Louis B. Chapman and E. L. Kellogg, describing a decline in McGraw's general condition overnight. He was reported as restless, with an increase in temperature, pulse and respiration, but it was established late this afternoon that reports the veteran had lapsed into complete coma were without foundation.

Mrs. McGraw, who spent the morning at the hospital, and Charles A. Stoneham, president of the Giants, who visited his associate for an hour this afternoon, both appeared optimistic.

"From what I have been given to understand, Mr. McGraw's condition is serious, but he has an even chance to pull through," Mr. Stoneham told the Associated Press. "We had made an appointment down town for today, before he was taken to the hospital, and I chatted with him about his prospects of going south as soon as possible. He is anxious to visit the training camp of the Giants in Miami Beach."

McGraw, who will be 61 years old next April 7, was taken to the hospital three days ago. His health has been uncertain for the past few years, although since he stepped out as manager of the Giants in June, 1932, he has continued many active associations.

lature. This matter should receive the necessary attention at your hands.

"In my first message in your general session, I outlined to you my views in regard to the needed changes in our election laws. So far such changes have not been made and I am therefore, submitting to you for your consideration and action, the following proposals in this connection:

"A—Elimination as much as possible of the old statutory control of the affairs of political parties so that they may act as purely voluntary associations, governing and controlling themselves in such matters as they deem advisable.

"B—Correction of the present primary abuses by providing for pre-primary conventions of the respective political parties at which there shall be a determination of the party's choice of all candidates for office, which determination of the party's choice shall be made by a public determination, shall be indicated on the ballot in such way as to distinguish the party candidate from the so-called 'self-starters'."

"C—The corrupt practices act should be amended to provide for weekly filing of cumulative accounts of receipts and disbursements of candidates between the time of the primary and the election, as well as a publication of the list of such accounts within the week prior to the election so that voters may have an opportunity, which is not afforded by the present statutes, of knowing before their vote is cast, just who is giving financial backing to each candidate.

"D—Provision for cutting down the size of the ballot by providing means for the elimination of the column of such minor political parties as may not have sufficient number of votes at the last election to indicate the real need for going to the public expense of providing for them on the next ballot. Provision should also be made for replacement of such parties on the ballot by petition.

"E—In the matter of the recount, it would appear advisable to amend the present laws in regard to the counting of ballots so as to permit the counting of all ballots in duly sealed boxes, regardless of whether the bundles of ballots in the boxes are broken or not."

SPARKS NAMED U. P. ENGINEER

Highway Dep't to Have Separate Headquarters in Escanaba

Returning from attendance at the annual Michigan highway conference held in Ann Arbor, Ben F. Sparks, in charge of the highway department operations in the upper peninsula, came with the new title of upper peninsula engineer. His new status was announced to the highway officials assembled at the meeting.

As upper peninsula engineer he will have charge of districts nine and ten of the new highway department organization, embracing all of the northern peninsula. The district offices will remain at Crystal Falls and Newberry and the upper peninsula engineer's headquarters at Escanaba.

New Set-Up Explained

Explanation of the manner of reorganization of the field offices of the highway department was made at the conference, Mr. Sparks stated, and proved interesting. There are ten field offices of the department which were formerly known as residences. Hereafter they will be known as district offices.

Formerly a resident construction and resident maintenance engineer were in charge of each office and a division engineer supervised each pair of offices. In the movement to effect economy and simplify organization, Commissioner Van Wagoner has abolished the offices of division engineer and each residency has operated as an independent agency answering direct to the central office since that time, except in the case of the upper peninsula. The title of the man in charge of each office hereafter will be that of district engineer with an assistant engineer.

Conference Successful

Mr. Sparks stated that the conference was a very successful affair, being attended not only by many state highway department officials and engineers but by county road officials from all parts of the state, university and other engineering authorities. For three days there was a constant discussion of technical and governmental problems tied up with the highway system.

The general sessions of the conference culminated in a banquet attended by more than 400 persons, presided over by Highway Commissioner Van Wagoner.

U. P. Road School Planned

The third day was devoted to a school for highway employees and a number of group meetings were held to discuss special problems of construction, maintenance and organization.

Plans are being discussed, Mr. Sparks announced, for the holding of an upper peninsula conference for the benefit of state and county highway officials and employees who could not attend the Ann Arbor affair because of the time and expense involved. Details of the plan will be made known at a later date, he said.

Father Drengacz To Speak Before Kaysees Tonight

Chaplain Father Drengacz will continue his talks to the Knights of Columbus on Tuesday night. He has been reading and explaining the encyclicals of Pope Pius XI. His explanation tonight will be on the encyclical concerning marriage. His talks to date have dealt mostly with capital and labor questions and have been most interesting. Tonight's will be a new subject but of equal interest.

Annual Communion Sunday was a complete success with a large number taking part. The breakfast at the club rooms, the first in several years, was most enjoyable.

Lecturer Dr. J. L. Clement is in charge of arrangements.

The new tunnel through the Pyrenees Mountains marks the conquest of the last great mountain barrier in western Europe.

Munising News

Former Munising Girls Victims In Shocking Accident

A shocking accident that occurred at Monroe, Mich., Saturday night, caused many remarks of profound sorrow to be expressed in Munising, as two of the severely injured were life long residents of Munising, and one of the dead was the husband of one of our former Munising girls, who now lies at a point of death in a hospital at Monroe, suffering from a double skull fracture, several broken bones and a ruptured thyroid gland. The following press dispatch from Monroe, tells as much of the story as is known in Munising at this time:

Monroe, Mich., Feb. 18 (P)—Four persons were killed and six others injured, one of them perhaps fatally, in an automobile collision north of here early Sunday.

The dead were: Ralph Quackenbush, 17, driver of one of the cars, Joan Pike, 17, and Amy Neil Humphrey, 16, passengers in his car, and Henry Hackett, 29, driver of the other car. Quackenbush and Miss Pike were killed instantly. Hackett died four hours after the accident and Miss Humphrey died tonight. All the victims were Monroe residents. Hackett's wife, Pearl, 28, is not expected to live.

The other injured persons were John Mason, 17; Helen Chatfield, 16, and Fred Sill, 17, all riding with Quackenbush, and Miss Viola Gollinger, 36, school teacher and sister of Mrs. Hackett, and Roy Nadeau, 29, deputy state conservation officer, both passengers in Hackett's automobile.

Authorities said the accident occurred on a curve on Monroe avenue near Loranger bridge. The Quackenbush party was driving north, having attended a dance honoring the Monroe high school basketball team, and the Hackett car, driving south, was returning from a visit with relatives of Mrs. Hackett at Plymouth.

Henry Gollinger, the father of Viola and Mrs. Hackett, and Dalton, Stanley and Hubert, brothers of the girls, and Mrs. Dalton Gollinger are now in Monroe at the bedside of the injured relatives.

Mrs. Stanley Gollinger received a telegram yesterday noon telling her that Mrs. Hackett has a chance for recovery. Harry Hackett was quite well known in Munising, having visited here several times since becoming the husband of Pearl Gollinger. He was employed in the office of the paper mill at Monroe, Pearl, before her marriage to Mr. Hackett, taught school at Monroe. The extent of Viola's injury seems to be a broken leg. She was operated on a Christmas time for tumor and was just getting around to her duties as school teacher again. The Hacketts have a son one and one half years old.

MUNISING BRIEFS

Miss Florence Raymond entertained twelve of her friends at her home on Onota street Saturday evening, the occasion being a birthday surprise party in honor of Albert Mercier. The evening's entertainment consisted of games and dancing. A delicious lunch was served.

Mr. and Mrs. John Revord entertained about twenty of their friends Sunday evening in honor of Peter DeMars of Vernon, Ont., who arrived in Munising Friday for an extended visit. A pleasant evening was spent in visiting and singing. A delicious lunch was served.

The Vasa lodge met at the home of Mr. and Mrs. Albert Samuelson, on West Superior street, Saturday night. Five hundred was played and ladies' first prize was won by Mrs. Julius Nelson and second prize to Eloyia Erick. Gentlemen's first prize was won by Emil Lundblom, the second prize by Gunnar Bjork. After the card playing a delicious lunch was served.

A wedding shower was tendered Mrs. Vernon Passinault Saturday evening at the Green Lantern tea room, by Miss Madeline Negliski, Miss Ruth Lawie and Mrs. Frank Hill. The evening was spent in dancing and a delicious lunch was served. Mrs. Passinault received many nice gifts.

Mrs. Henry Korpela entertained two tables of contract bridge Friday evening at her home in the Nobel apartments.

Mrs. Lyle Atkins, R. N., is doing relief work at the Munising hospital.

Mrs. Mack Mavis has been quite ill for the past two weeks.

Mr. and Mrs. William Cox returned from Duluth late Thursday night. They had been in Duluth since last Sunday, being called there on account of the serious illness of Mr. Cox's mother, Mrs. Ella Cox Whitmore. At one time Mrs. Whitmore's life was despaired of, but it is thought now that she might recover.

The Masons and the Eastern Star will honor Washington's birthday with a party, consisting of a special program and cards, at the Masonic hall Thursday evening, February 22. Visiting members are invited.

Census Work Checked

Gerald J. Cleary, supervisor of census for the first district of Michigan, Wm. J. Van Cok, assistant supervisor of census, of Escanaba, James Thompson, American business census enumerator for Alger county, of Grand Marais and F. C. Evans, area supervisor for Wisconsin and Upper Michigan, of Washington, D. C., were in Munising Friday for the purpose of looking over the census work so far completed

in Alger county.

Mr. Thompson has been working in Alger county for the past three weeks and has completed approximately two hundred reports on different business and industries in the county. He states that the business men are responding very satisfactory in assisting the completing of the American Business census. When this work is all completed the reports from all over the United States are forwarded to Washington, and it is from those reports that the federal government will get its information on the general business conditions of the country.

Benefit Card Party

Munising, Mich.—A benefit card party will be given at the Mather high school gym next Wednesday evening by the high school unit of the Munising Parents-Teachers' association.

Anyone who is willing to be responsible for a table is asked to call either Mrs. E. L. Nelson or Mrs. C. J. Light.

Five hundred and bridge, both auction and contract, will be played. The proceeds will be used for very worthy work as needed in the high school unit.

Veterans Have Banquet

The Veterans of the Foreign Wars had their banquet and initiation ceremonies at the Finnish Labor hall Thursday evening. The ladies auxiliary were guests of the veterans at the banquet and were also invited to listen in the radio program "Hello America" which was broadcast from Washington, D. C. At the banquet H. A. Chalmers acted as toastmaster and kept the party in mirth with his witty remarks. Toasts and jokes preceded at 11:15 the declaration of membership and three candidates received this part of their initiation by radio. As the words came over the radio the three candidates stood before the altar which was arranged for the occasion and with their right hand raised and their left hand clutching the American flag they listened to the words coming from the national commander from Washington, and the reading of members of the Earle Lambert Post of Veterans of the Foreign Wars.

As soon as a charter is received the ladies auxiliary will elect their officers.

Attends Funeral

Mrs. Hilmar Ekdahl has returned from Duluth, where she was called on account of the accidental death of her brother, Lance Bunker, which occurred at the home of the Bunkers on Leonard road, Duluth Thursday evening Feb. 8. It was at first reported in Munising that Mr. Bunker was electrocuted.

According to Mrs. Ekdahl, her brother came home on the evening of the Friday mentioned, and after playing with his children and talking to his wife, who was receiving a group of ladies that were coming to their house to attend a card party, announced that he might as well go down in the basement of the house where he kept some of his belongings. It being his intention to clean a revolver that he promised to sell to a friend. He was just gone a few minutes when the report of the discharge of a shell was heard upstairs. Mrs. Bunker, together with her guests rushed to the basement of the house and the whole terrifying scene presented itself. A bullet from the revolver had pierced Mr. Bunker's left breast just above the heart. Evidence that it was all accidental were proven by the fact that rags with which he was cleaning the revolver were laying on the floor, that he was doing well, and was just awaiting a promotion with the Bell Telephone Company where he was a valued employee. Mr. Bunker was a man that thought a great deal of his family and had enjoyed complete marital felicity. Mrs. Ekdahl relates a very pathetic incident of the shocking accident which was the presence of the two children who witnessed the scene after the explosion of the gun.

Lance Bunker was 31 years old and had lived at Shingleton for a short time when he worked in the depot at that place, and he also spent a few months in Munising. He was married to Miss Ruby Willetts, of Alston, Mich., seven years ago. Besides his wife he is survived by two children.

Funeral services were held at one of the Catholic churches at Duluth, the remains being put in a vault, to be removed to Baraga in the spring for interment.

Commission Meets

The Munising City Commission met at the city hall Friday evening. The usual number of bills were allowed and routine business transacted. A beer license was granted to John Yell who has just opened up his new restaurant on Superior street in the Berkel block. Edward Levy, commissioner of records and finance, was granted an indefinite leave of absence on account of the condition of his health.

Two Fire Alarms Reported Sunday

A garage fire at the J. R. Charlebois home, 600 South Fourteenth street, brought out the Escanaba fire department Sunday morning. The family noticed the blaze as they were starting for church. A small stove used to heat the garage was given as the cause of the blaze, which was stopped in time to prevent extensive damage.

A chimney call at 224 South Tenth street was also answered Sunday, with no damage resulting.

FOOD DEALERS TO MEET HERE

Gannon to Explain Code Authority Plans Thursday Night

All owners and operators of food, fruit and confectionery stores in Escanaba and Gladstone are asked to meet at the Elks club Thursday evening for the organization of a local food code authority. It was announced yesterday by H. P. Lindsay, secretary of the Escanaba Chamber of Commerce.

Joseph Gannon, Marquette, who was recently appointed by the state food and grocery district code authority as the upper peninsula representative, will explain the food code and also plans for organizing the local code council.

The group will elect representatives of independent grocers, chain stores, voluntary group stores and independent wholesalers as the four members of the local code authority. A large attendance is desired at the meeting, which will begin at 7:30 p. m.

Attorney Rushton Addresses Kiwanis Club At Meeting

"The Character of George Washington" was the subject of a thought-inspiring address delivered by Atty. Thomas Rushton of Escanaba at the regular luncheon meeting of the Kiwanis club at the Ludington hotel yesterday noon.

Time has not diminished the high regard the American people hold for George Washington, but instead his splendor increases in their eyes and hearts, Attorney Rushton said. Washington was great because of his power for leadership and those splendid portraits of character which endeared him to his soldiers and his countrymen, he added.

The speaker called attention to the fact that there have been other Americans greater in military ability, intellect and political sagacity, but it is Washington's character that places him among the immortals in America's Hall of Fame.

"His noble spirit continues with us as a guide to our children, a goal for our statesmen and an inspiration for you and me," Atty. Rushton said. "It is of great consolation to us that in these critical days our public affairs are managed by men, schooled in the ways of Washington, carrying on where Washington left off. And as for ourselves, let us all be Minute Men in the struggle to overcome the great problems that

face these public officials today."

William Warrington, treasurer of the Kiwanis club, submitted a report of the finances on the Milk Fund Benefit entertainment, disclosing that the net receipts were \$442.50.

Escanaba Waiting For Approval Of New Job Program

Pending approval of a new program of civil works, the city of Escanaba has 99 men employed on the airport site on Eighteenth avenue south. Plans have been made for several other public improvements, however, and civil works crews will be shifted to these jobs as soon as they are authorized.

All work on previous programs submitted by the city has been completed except the airport and one street grading job. The new schedule will include sewer and street extensions and building repairs and construction.

A park which promises to be one of the popular recreation spots of the future in Escanaba has been created as a result of the CWA program. This is the tract near the sewage treatment plant, known as the Boy Scout camp. The area has been cleared and leveled. Portage creek dammed to make a swimming pool, rustic bridges have been built, and parking spaces provided. A fine log cabin, the latest addition to the park, is nearing completion.

AMUSEMENTS

Distinctly in a class by itself as regards motion picture entertainment and possessing a story line universally appealing that it is impossible to predict anything but outstanding success for it, "Lady For A Day," the Columbia super-production starring Warren William with May Robson, started its local run Sunday at the Delta Theatre and was greeted by the audience with enthusiasm.

"Lady For A Day" is like a fantastic fairy tale, yet it is real and human. Its appealing humor and touching dramatic scenes make the laughs and tears blend wholesomely with an emotionally gripping effect that is at once overpowering and heart-warming.

A revelation to picture audiences will be the magnificent performance of May Robson as "Apple Annie." The complete cast, from the star down deserves the highest praise for matchless, inspired performances.

Frank Capra, the director again reveals his genius in comedy and drama. He has taken the brilliant story by Damon Runyon, which appeared in Cosmopolitan as "Madame La Gimp," and has transcribed it to the screen as an even more brilliant screen drama. Robert Riskin's adaptation is excellent.

These public officials today."

William Warrington, treasurer of the Kiwanis club, submitted a report of the finances on the Milk Fund Benefit entertainment, disclosing that the net receipts were \$442.50.

FIRE WARDENS MEETING TODAY

Furlong and Bergman to Attend Conference in Marquette

Robert Furlong, district supervisor, and Milton Bergman, member of the district conservation staff, will leave today for Marquette, where they will attend the conference for the discussion of fire season organization plans in the upper peninsula.

H. R. Sayre, of Lansing, the department's field administration chief, will preside at the conference and it will be attended by all regional and district supervisors in the peninsula.

The conservation department this year will adopt a new method of selecting fire wardens, towermen and other members of its forest fire fighting units. Instead of picking these men upon recommendation of district supervisors, they will be selected after a series of written and oral examinations. Examinations will be held in each fire district in the state and it is probable that the schedule of examinations will be decided upon at the conference tomorrow.

Dairy Talk Booked At Stone Anderson School Wednesday

Herds, or the importance of pedigrees in dairy cattle, will be the topic of a discussion at the Stone Anderson school near Ensign Wednesday evening. Dairy men and all others interested are invited to attend. The meeting was arranged by J. E. Turner, Delta county farm agent, and will be in charge of R. E. Horwood of Marquette, dairy specialist.

Wasps can moor themselves like a dirigible, attached only at one end; powerful jaws hold the insect to the "mast."

Children's Coughs Need Creomulsion

Always get the best, fastest and surest treatment for your child's cough or cold. Prudent mothers more and more are turning to Creomulsion for any cough or cold that starts.

Creomulsion emulsifies creosote with six other important medicinal elements which soothe and heal the inflamed membranes. It is not a cheap remedy, but contains no narcotics and is certain relief. Get a bottle from your druggist right now and have it ready for instant use. (adv.)
